Ask For These Brands ☑ Accept No Substitutes

Why?
Because they are first-class in every respect, carefully selected, cured in this city by the old method, with the best materials, smoked with hickory wood only; absolutely clean and healthful. We use no acid to cure, color or cheapen our meats. You want St. Louis business to prosper—we are strictly a St. Louis house—we, and all our employees, live and spend our money in this city. Then ask your grocer or butcher for our goods—give them a fair trial; if found satisfactory, accept no others. See that our brand is burned in on the skin side of the meat.

CHILDREN CLING TO HIGHLAND BRAND. IT TASTES BEST AND BRINGS THEM HEALTH AND VIGOR. THE NUTRITIVE VALUE OF

HIGHLAND BRAND
EVAPORATED CREAM

differs from cooked or sterilized milk. It is always prepared from pure cows' milk of minimum acidity and sterilized by our special process. This process differs from those usually employed in that, when the milk has been evaporated to such a consistency that the fat globules are equally distributed throughout the mass, it is constantly and vigorously agitated while being sterilized. By this method, the casein coagulates in a more flocculent manner than that of raw milk, making it more easy of digestion.

Will commence its next Annual Course of Instruction on the Fourth Thursday in September, and continue eight months.

The curriculum consists of a four years graded course of didactic and clinical lectures, recitations, and demonstrations, supplemented by practical work in the laboratories and dissecting room.

The large hospitals of St. Louis, and the hospitals under control of the Faculty, furnish an abundance of clinical material, and students are required to diagnose and prescribe for patients at the two large School Dispensaries, under the supervision of the Faculty and Instructors.

Seventy-five thousand dispensary patients treated annually.

There are opportunities for graduates to become internes in the various hospitals. Eighty per cent. of our graduates have been awarded appointments, on competitive examination, to the St. Louis City Hospital.

The Annual Announcement may be obtained by mailing a postal card to the Dean’s office.
