KNIT

I like to drowse the summer hours,
   And in the arm chair sit,
To hold the twine between my hands,
   And watch Lucinda knit.

'Twas wonderful the way her hands
   Would make the needles flit,
But when I tried to hold them still,
   Lucinda answered, "knit."

All students have the freedom of the Museum Collections.
Lectures on Art History and kindred subjects, weekly.

For illustrated booklet of information apply to the St. Louis School of Fine Arts, or

HALSEY C. IVES, DIRECTOR
The better class of patrons demand as much of the dentist's office as of the dentist. They patronize only offices which show modern equipment.

Among office equipment the chair and engine make the greatest impressions.

No other dental chair so favorably impresses the patient or so well serves the dentist as the Columbia. Its graceful lines, fine finish and restful form, commend it to the patient; while its reliability, easy and silent operation and adaptability to every need endear it to the dentist.

Among dental engines Columbia Electric Engines are easily first. They are highly ornamental, convenient, noiseless, under instant control, and have a wider range of action than any other electric engine. They are made for direct, alternating and storage battery currents.

The most prominent tool in the laboratory is the lathe. Columbia Electric Lathes have better bearings, wider range of speed and more constant power than any other electric lathe. They are noiseless in operation, and so pleasing in their appearance that a Columbia Electric Lathe almost furnishes a laboratory.

Our easy terms make it possible for you to have these modern Dental Office Appliances. All dealers are proud to show Columbia Equipment.

THE RITTER
DENTAL MANUFACTURING CO.
ROCHESTER, NEW YORK

Columbia Electric Engines and Lathes and Favorite Columbia Chairs received the Gold Medal at the Louisiana Purchase Exposition.

"By their smokes ye shall know them."
The Dental Department of Washington University
(Missouri Dental College)

This Department is located in its handsome and commodious new home on the corner of 27th and Locust Streets. The building has been remodeled and refurnished throughout, and as equipped to-day is one of the most modern Dental Institutions in the west. The facilities offered for obtaining an education in Dentistry are unsurpassed.

The annual session of 1905 and 1906 will begin about October 1st, 1905. Catalogues and further information may be obtained by addressing

When we talk GAS we talk HAPPINESS. The words are synonymous. It's certain you can't be happy with dirt, drudgery and hard work. It's equally certain you can't have dirt, drudgery and hard work if you COOK WITH GAS. Banish the coal stove and drudgery goes out with it. Bring in the gas range and comfort comes in with it.

We are doing all in our power to spread gas happiness NOW! The following low prices bear evidence of this fact:

**Gas Ranges**
- 16-in. oven $15
- 18-in. oven $17

**Gas Water Heaters** $10

Each payable $3.00 with order, balance $1.00 monthly with your gas bill. $1.00 discount from these prices for CASH WITH ORDER.
