THE SLOGAN OF THE CAMERON — "CHARACTER: THE GRANDEST THING"

CAMERON PUMPS

The most durable, effective, reliable and economical in cost of maintenance of any pump on the market.

Nearly 50 years actual satisfactory service.
More than 60,000 in use the world over.

EXPLANATION.

A is the steam cylinder; C, the piston; L, the steam chest; F, the chest plunger, the right-hand end of which is shown in section; G, the slide valve; H, a lever, by means of which the steam-chest plunger F may be reversed by hand when expedient; II are reversing valves; KK are the reversing valve chamber bonnets, and EE are exhaust ports leading from the ends of the steam-chest direct to the main exhaust and closed by the reversing valves II.

Note the very simple inside valve gear in the Steam End, free from delicate parts and absolutely reliable.

The superiority of the Cameron water valve chest is its accessibility. By simply removing one bonnet or cover, the whole interior, with every valve, is plainly visible; not a speck of anything that may have lodged there can escape detection. The shelves or decks are bored out tapering and the brass seats forced in. Each stem holds two valves with their springs, one above the other, so that by simply unscrewing one plug and pulling up the stem, both are released.

Our catalogue "HA" is an attractive book, interesting and helpful, containing full descriptions with illustrations of other patterns and will be sent to any who will mention this book when writing.

NEW YORK
WASHINGTON UNIVERSITY
DENTAL DEPARTMENT
MISSOURI DENTAL COLLEGE
ST. LOUIS, MISSOURI

THE FORTY-FIRST ANNUAL SESSION
Will begin on Tuesday, October 2, 1906, and continue thirty-two weeks, exclusive of holidays. This department is located on the corner of 27th and Locust Streets. The building is the most commodious, best lighted and best ventilated west of the Mississippi. It is furnished newly throughout, and the facilities for teaching dentistry are unsurpassed.

The advantages offered by a large University, like Washington University, should appeal to those intending to enter the profession of dentistry. The time is approaching when dental instruction will be confined to the great Universities of the country.

While the student body of the Dental Department of Washington University is not so large as some other schools, yet, the results accomplished are more satisfactory. It is a known fact that while the Dental Department of Washington University has graduated fewer students, in comparison to the time it has been teaching, yet, for the number of its graduates, it has turned out more teachers of dentistry than any other school in the United States.

Anyone desiring to take up the study of dentistry would do well to investigate this department thoroughly before deciding to go elsewhere.

For annual announcement, and other information regarding school,

DR. J. H. KENNERLY, Dean,
27th and Locust Streets, St. Louis, Mo.

The Ideal Tonic

A Predigested Liquid-Food

For those who are exhausted or "run down," either mentally or physically, from overstudy or overwork—all who need health and strength, a keen appetite and good digestion—

Malt-Nutrine builds Firm Flesh, Restores Brain and Nerve Force—because the strength-giving elements of Pure Barley-Malt and the nerve-building properties of Hops in predigested form, are almost instantly assimilated by the system, and provide a Quick, Sure, Natural Tonic.

Sold by all Druggists and Grocers

IMPERIAL COLUMBIA DENTAL CHAIRS

are the finest dental chairs ever produced. The lifting mechanism is similar to that used on Favorite Columbia Chairs, which is admittedly the finest lifting mechanism for dental chairs ever devised. When the back and headrest have been adjusted for a patient, they retain their proper relations to the patient, however the chair back may be raised or lowered. This is a new feature of great value and convenience and permits easy and simple manipulation of the chair in case of need. The upholstered back is in two parts and forms, when opened, a handsome and convenient child's chair. For beauty of design, excellence of construction and smoothness of action, this chair is unequalled.

Catalogue. The many excellencies of these engines and chairs are fully described in a beautifully illustrated catalogue, which will be furnished free, on application to your dealer, or to us. Columbia Equipment can be bought on easy terms of all dealers.
