1 McMillanites stage vaudeville show. Pi Phis present fantasy entitled, "Wanted—a Wife."

Engineers take Sherman literally in War Pageant. It was that kind of a war.

Engineers banquet refutes that "civilized" idea.

4 Alice Johann and Gordon Sommers star in "Mrs. Dot," Thyrsus annual.

6 William Howard Taft lectures at chapel and shakes hands with Colonel Boorstein. Beef and Bull. Phi Beta Kappa elects.

In looking through the pages which follow it is hoped that every student will remember that the firms which favored us with an advertisement made it possible for this book to be published, and deserve much consideration on that account alone. They advertised because they want—and expect—the favor of Washington students, and we cannot expect them to continue to advertise unless they receive this favor. It is thus a matter of college spirit, as well as fairness to the advertiser, to give your patronage, whenever possible, to the firm which advertises in a university publication. By making use of the Classified List of Advertisers to be found in the back of this book, on the bulletin boards, and in the Pralma Guide Book, you will be showing the same sort of spirit you do by coming out to root for the team. Don't forget that YOU are one of those who can help to make the publication at this university an assured success.

Vacation Trips
on the Upper Mississippi
are the most unique and delightful of all Vacation Trips. They afford all the charm and novelty of Sea or Lake Trips, and none of their danger or monotony. They furnish the most picturesque and beautiful scenery, changing every hour. They give Rest and Recreation, stimulate the social faculties and in a thousand ways that must be experienced to be appreciated, fill every hour with keen delight.

America's Grandest WaterRail Trip
By River between St. Louis and St. Paul; by Rail between St. Paul, Chicago and St. Louis (or reverse direction), only $40 including meals and berth on Steamer.
This is an ideal trip for Students wishing to attend the Summer Session at Wisconsin University. As stopovers are at will, the student may go via St. Paul or via Chicago, stop over for the term at Madison, Wis., and complete the WaterRail Trip when the school term is finished. On the same trip, one may also stop over in Chicago, St. Paul or elsewhere. Delightful side trips may also be taken to include Devil's Lake and The Dells.

Georgian Bay Trip
Steamer from Chicago to Duluth by way of Georgian Bay, (including regular WaterRail Trip); railroad and steamer fare, meals and berth on steamers, $64.45.
St. Louis to St. Paul
(or reverse) and return—Over 1,400 miles of delightful travel, only $40, including meals and berth. $26.14 one way.

Mark Twain Trips
St. Louis to Keokuk, Burlington and return.
Fare, $10 to $12, including meals and berth.

**CORONA**

This perfectly designed 6-pound typewriter performs all the work of 30 to 45-pound professional machines which cost $100.

In the Corona you get thorough writing efficiency and perfect mechanical construction. You get all the modern refinements such as two-color ribbon, back spacer, paper release, marginal stops, etc.

But better still—you get the folding portable feature which cannot be obtained in any other typewriter.

The weight of the Corona, including its beautiful carrying case, is only 9 pounds. The price, including the case, is but $50.

Subscription ticket No. 365, entitles the holder to a $10 allowance on a new $50 Corona, if purchased before June 15th. See ADOLPH HOENNY and MAX MUECH, Special Representatives for Washington University.

BEAUTY More Than Varnish Deep

Though it be clad in the beauty of a thousand stars, yet if it has not truth it is an abomination.

A well proportioned body and a sleek surface may cover, to the eye, a multitude of sins.

The Marmon 34 has the beauty of simplicity; the perfect line, the graceful curve, the delicate balance, and the poise that power gives.

Unadorned, undecorated, without frills or fur-belowes, the Marmon 34—exquisite in every detail of refinement—is a joy to the beholder.

But lift the hood and gaze into the heart and soul of the car—the engine. Here is where character is disclosed; here are truth and honesty, intelligence and experience.

Examine the bearings, consider the oiling system, count the grease cups, note the rear axle design, challenge the steering device.

Weigh it, test it, examine every detail—the Marmon 34 welcomes microscopic inspection.

Then ride in it, drive it—a quick turn through crowded traffic, along stretch through open country.

Beauty is truth, truth beauty. In this belief the Marmon 34 is built.

This awning is without doubt the neatest and best thing in the window awning line ever invented. It is operated with one cord only, is easier to put up than any other awning and cannot get out of order. When open for use it is a decided ornament, and when closed is on a line with the sash in the center of the window and can be scarcely noticed from the street.

CLASSIFYING TOTAL ABSTAINERS

IN LIFE INSURANCE RECEIVES ENDORSEMENT OF

The National Inter-Church Temperance Federation

The Federation, through its officiary, commends the system of classifying those totally abstaining from the use of alcoholic beverages, which is in operation with the

Security Mutual
Life Insurance Company

BINGHAMTON, N. Y.

The recent investigations of the Federation have disclosed only two old line legal reserve companies in North America, one in the United States and one in Canada, which at present maintain a separate classification for abstainers.

The Security Mutual Life Insurance Company, of Binghamton, N. Y., is the only old United States legal reserve or old line company classifying abstainers.

UNIVERSITY SPIRIT

WITH every contemplated purchase should go the thought, "Can I just as easily get it from a firm which advertises in a University publication as from one which does not?" With but one or two exceptions every regular advertiser at the University is found in the Hatchet. Consequently you need only consult the Alphabetic List of Advertisers on the bulletin boards, in the Hatchet, or in the Pralma Guide Book, to find out whether a certain company advertises at Washington. If it does not, look in the Classified Index to be found at the same places for a company in a similar business which does advertise. To favor the latter, making known your reason for so doing, is as much a matter of University spirit as the performance of any other act tending for the general good of Washington. Spread the idea among your friends.

RETURN THE FAVOR

THE entire Hatchet Board wishes to call your attention to the fact that the firms which advertise in this book deserve your patronage. You can decide for yourself how much they deserve it by considering the fact that the book could not possibly have been sold for less than $4.00—without the income from advertising. Between trading at one or another of two first-class firms, there is seldom any reason for not trading with the one which advertises in the Hatchet. To find out which firms advertise at Washington it is only necessary to look in the Classified List of Advertisers on the bulletin boards or in the Pralma Guide Book. Show your university spirit by making use of these lists whenever you are thinking of making a purchase of any kind.

presses your trousers by automatic heatless method that removes baggy knees, smooths away wrinkles and gives a knife-like crease from belt to boot. A Presser, a Creaser, a Stretcher and a perfect Hanger that keeps them always protected from dirt and moths, combined in one.

No Operating Expense—First Cost is Last Cost.

$1.00 pays for pressing bills all your life. It is the greatest money, time and labor saving invention for men since the safety razor.

To get a Trousers Press on trial, see any member of the Hatchet Board.

When you think of buying, think of the Hatchet advertisers.
About the Measure of Printing—

Every piece of printing you order measures to some standard.

Either up to the standard of quality—or down to a standard of "price."

And in the production of your printing, every hour of time is a cost that you pay for—but only every hour of efficiently directed work produces a value that you get.

The Britt Standard of Quality at always the Right Price—is maintained by a definite system of getting the greatest value in results from every hour of time put on each job.

THE HATCHETS
OF TWO INSTITUTIONS OF "QUALITY"

Washington University, founded on George Washington's Birthday, has sought always to uphold those high standards of excellence which were followed by the Father of Our Country. The quality of the Hatchet, the Annual published by its students, is an example of the fine work done by those who attend such an institution. It is an example by which the excellence of the University itself may be judged.

Simmons Hardware Company, known throughout the world, is an institution founded on the principle that Quality comes first. Their trademark, Keen Kutter, has come to stand for—and to mean—Quality.

The Keen Kutter Hatchet, an example of the high grade tools sold by this company, is made to last a life-time and will be kept just as long as is your Washington U. Hatchet. Why not associate, then,

by taking a course of training in this institution. No matter what line of work you expect to follow, we can train you to excel, for the broad foundation laid in our college can be supplemented, at will, by special work in our various schools.

THE COLLEGE provides the standard, Classical, University course, leading to the A. B. degree. This is the best foundation upon which to build a special course in any of the following schools.

G. O. James, Ph. D., Dean.

ENGINEERING or ARCHITECTURE is taught in the most modern and thorough fashion in our schools devoted to these subjects. A. S. Langsdorf, M.M.E., Dean.

MEDICINE as taught in Washington University Medical School is abreast of the best medical practice of the age. Phillip Shaffer, Ph.D., Dean.

LAW, as taught in Washington University Law School, fits the graduate for practice and equips him with thorough knowledge of the principles of the profession. Richard L. Goode, A.M., LL.D., Dean.

SCHOOL OF FINE ARTS—Here careful training is given in the principles of Art, and students of artistic talent are put in the way of achieving fame and fortune. Edmund H. Wuerpel, Director.

DENTAL SCHOOL. J. H. Kennerly, M.D., D.D.S., Dean, fits its students for the profitable practice of Dentistry.

HENRY SHAW SCHOOL OF BOTANY is not excelled by any similar institution in America in the practical training it affords its students. George T. Moore, Ph.D., Director.

Parents interested in the success of their sons and daughters, and young men and women interested in their own success should write to G. W. Lamke, Registrar, Room 200 University Hall.

In Appreciation

The “1918 Hatchet” is done with and as we lean back in our editorial chair and take a breath of relief, we remember with sincere gratitude, the efforts of students, other than the members of the Board, who have cheerfully expended time and labor on the book. We take this opportunity to thank the following for their efforts to make the book a success:
