Mr. Geo. Rider

The new Varsity Song Book, published by the Washington University Union under the joint editorship of R. Paul Buchmueller, '22, and Clark P. Fiske, '22, is a collection of all the old songs of the University, practically all of them having been written by former Washington University students. The sentimental appeal of such a publication is undoubtedly a great step toward awakening in the mind of the student body a stronger "university consciousness."

The French Club

The French Club was organized several years ago by advanced French students for the purpose of increasing proficiency in the use of the French language and cultivating an appreciation of French literature. This is done by the presentation of short plays in French, reading French short stories and playing French games.
