GEORGE RIDER
Coach of the 1924 Track Team
MASSING a total of 21 points in the Missouri Valley Conference Meet at Lincoln, Washington track men climaxed the most successful track season of recent years. Aside from placing second in the Valley, the Piker team won every dual meet. It met and defeated the Missouri Tigers 60 to 57, swamped Vanderbilt by more than 30 points, completely outclassed Rolla and McKendree in a triangular meet, scored in four events at the Kansas Relays, annexed four places from a picked field in the Drake Relays, captured six in the Valley Indoor Meet, and tied for fourth place in the Valley Cross Country.

Washington easily defeated Vanderbilt 85 to 50 in the first outdoor meet of the season on April 5th, and by taking eleven of the sixteen firsts, showed decided well-balanced strength. Blanchard and Anderwert with ten points each tied for high point honors. Anderwert captured the 220-yard dash and the century, the latter in 9:9/10 seconds, and Blanchard the 220-yard low hurdles and the broad jump. Both, in addition, ran in the half-mile relay. Captain Bier easily triumphed in his specialty, the quarter-mile, and contributed toward the winning of both relays. Other Piker firsts were in the high jump won by Fred Hageman, the mile won by Capps, the half-mile by Willmann, and the discus throw by Weil.

In the triangular meet with Rolla and McKendree a week later, Washington literally ran away with all but two of the possible fifteen firsts, and scored 110 points against 23 1/2 for McKendree and 10 1/2 for Rolla. Blanchard again starred by winning both hurdle races and the broad jump. Orville Mitchell, with a first in the pole vault, and two seconds to his credit, and Anderwert who again won the dashes were the other chief contributors to the Piker total.

All of the Washington representatives entered in the Kansas University Relay Carnival, April 19th, broke into the scoring column. Ralph Blanchard brought home a second in the special 120-yard hurdle race, and Mitchell, competing against McKown of Emporia Normal who won the event with a record vault of 13 feet, earned a tie for second honors. Hageman’s leap of 6 feet 1 inch in the high jump, and the running of
Bier, Anderwert, Blanchard, and Hancock in the half-mile relay gave
Washington two fourth places.
In the Drake Relays a week later, from a field of 1500 track
and field athletes from more
than 100 institutions, the Pikers
gathered a third place and three
fourth places. The half-mile re-
lay team of Bier, Anderwert,
Blanchard, and Hancock, de-
fending the title from the pre-
ceding year, finished behind Illi-
nois and Nebraska. Blanchard
and Lloyd Anderwert ran
fourth in the high hurdles and
100-yard dash respectively, and
Mitchell gained a similar scor-
ing place in the pole vault.
In many respects the crown-
ing achievement of the season
was the 60 to 57 victory over
Missouri, May 3rd. With the
lead changing from Washington
to Missouri and back again
throughout the contest, the final
outcome depended upon the last
event, the mile relay, in which
Bier running last, crashed the
tape ahead of Bond. The indi-
vidual performance of Ralph
Blanchard was sensational. He won the 100-yard dash, both hurdles, and
the broad jump, thus accounting for a third of the 60 Piker points. Cap-
tain Joe Bier, aside from running on the relay team, won both the 220
and the 440 in spectacu-
lar fashion. Anderwert
with seconds in the 100
and 220, Hageman with
a tie for first in the high
jump, and Fisk with
second place in the jav-
elin throw also con-
tributed toward the vic-
tory. The winning re-
lay team consisted of
Dugdale, Carroll, Will-
man, and Bier.
Washington with 21
points and second place
in the Valley meet at
Lincoln, May 25th, es-
tablished a record in that this showing was the best ever made by a Piker
team in a Valley track meet, and undoubtedly made herself felt as a power

(Continued on Page 539)
FRED HAGEMAN

High Jump
Captain-Elect

"Freddie" was the Piker mainstay in the high jump, and did stellar work throughout the season, constantly clearing the bar at over six feet.

RALPH BLANCHARD

Hurdles, Broad Jump, Half-Mile Relay, Sprints

Ralph was the high point man of the team and one of the best hurdlers in the country. His loss to the team will be keenly felt.

LLOYD ANDERWERT

Half-Mile Relay, Sprints

"Andy" was one of Washington's flashiest sprinters, being a consistent ten-second man.
ORVILLE MITCHELL
Pole Vault, Broad Jump
"Mitch" could always be counted on to gather points in the pole vault. He also performed well in the broad jump.

PAUL WEIL
Shot Put, Discus
Paul was the best Red and Green representative in the weight events. Paul succeeded in losing all the Piker discs.

ALFRED CANTWELL
High Jump
"Buddy" completed a very successful athletic career on the Pikeway by performing consistently in his event, the high jump.
DAVID SAVIGNAC
*Mile, Two Mile*

“Dave” ground out the needed points in the distance runs throughout the season.

ARNOLD WILLMANN
*Quarter-Mile, Half-Mile, Mile Relay*

Arnold starred in the quarter and half-mile runs as well as being an important cog in the mile relay.

EDWARD THRELKELD
*Hurdles*

“Eddie” was a consistent performer in the hurdles and should ably fill Blanchard’s place this year.
SHIRLEY CAPPS  
Mile, Two-Mile  
Shirley has for several years been the best Washington entry in the distance events.

CURRY CARROLL  
Quarter-Mile, Mile Relay  
"Currie's" first year of Varsity competition marked him as one of the team's brightest prospects.

PALMER HANCOCK  
Half-Mile Relay, Mile Relay  
Palmer proved his ability as a member of Coach Rider's crack relay teams.
MERRILL SCHWARTZ
Two-Mile
Merrill, a veteran of two years, was one of Coach Rider's most dependable men.

JACKSON DUGDALE
Quarter-Mile, Mile Relay
"Dug's" race in the mile relay at Columbia last spring, when the Pikers by winning the relay defeated the Missouri Tigers, will not soon be forgotten.

HARRY HUDSON
Hurdles
Harry was another capable timber topper of the Red and Green squad. This year should find him at his best.
THE 1925 TRACK SQUAD
LACKING the services of Karl Kammann, for three years Washington's mainstay in Valley competition, prospects were far from bright at the outset of the 1924 season. For five successive seasons Pikeway racqueeters had held the honors of the Conference, but in 1924, with only one letter man, Captain William Bierman, back to represent the Red and Green, it seemed as if Washington was due for a season of defeat.

Able and willing aspirants for the team, however, were by no means scarce, and, when Manager Kammann issued a call for candidates, a squad of twenty was soon working out on the Hilltop courts. Although competition between these Varsity prospects for a regular berth on the team was very spirited, by the time the first match of the season had rolled around Jack Forester was without question the logical man to play with Captain Bierman in Conference competition.

In the season which followed, the Bierman-Forester combination more than lived up to expectations, winning six out of eight dual matches and sharing second honors in the Valley tournament with Ames. 1925 should tell the tale of another Piker tennis title, for, with the veteran Kansas and Ames teams broken up by graduation, Bierman and Forester should have little difficulty in winning their way to the top.

Comparatively inexperienced as was the Red and Green team in 1924, it played some very brilliant tennis and humbled some strong foes in the course of the season. In dual meets, Ames, Drake, Missouri, and the Kansas Aggies bowed to the strength of the Pikers. Kansas and Ames won one meet apiece from Washington by 2 to 1 scores, only after the
hardest of battles. In the Valley championship tournament, Bierman and Forester carried all before them in the singles tourney until they encountered the Kansas entries, who in each case proved too strong for them. The Pikers lost a hard match in the semi-finals of the doubles tournament to the powerful Ames team.

On April 30th, Washington won the first dual meet of the season, scoring a 3 to 0 victory over Drake University at Des Moines. Bierman’s win over Everett of the Bulldogs was the feature of the match. The Piker leader was forced to the limit in three sets to defeat the Blue and White star. Forester’s steadiness and ability to rush the net enabled him easily to dispose of Mahaffa, 6-1, 6-0 in the other singles match, and the Red and Green duo had little difficulty in annexing the doubles encounter, 6-2, 6-3.

On the following day the Pikers received a setback from the veteran Ames racqueeters. Captain Paige of the Iowa team was in rare form and proved too much for Bierman. Forester, however, came through with a well-earned victory over Young. The Cyclones broke the tie by taking the Piker doubles team into camp, 6-4, 6-3. On May 3rd, Bierman, Forester, and Bert Hopkins invaded Decatur, Illinois, and whitewashed Millikin University, 4 to 0. The form of the Pikers seemed greatly improved since the Ames battle. Hopkins in his first collegiate match, made a good showing.

Bierman and Forester traveled to Columbia on May 10th to win a splendid, clean-cut victory over Missouri University and hand the Tiger his sixth defeat at the hands of the Pikers in one year. In humbling Mizzou, 2 to 1, the work of Forester was outstanding. His steadiness of play enabled him to nose out Mindlin, 11 to 9, in the first set of their singles match and then take the second, 6 to 1. Captain Hubbell of Missouri outclassed Captain Bierman, 6-1, 6-4. In the doubles match the Pikers rose to great heights to win in straight sets, 6-1, 6-2.

On May 12th, the Washington racqueeters lost a match to Kansas at Lawrence, 2 to 1. Bierman lost to Rodgers, 6-1, 6-3, but Forester upset all dope by disposing of Captain Glaskin of the Jayhawks in two 6 to 0 sets. The Kansans were forced to the utmost to win the doubles match, 6-2, 4-6, 6-4. On May 13th and 14th, the Pikers concluded their Kansas tour by conquering Washburn, 3 to 0, and the Aggies, 2 to 1.

Washington gained a sweet revenge on May 16th, when Ames called at St. Louis and was defeated on the Pikeway courts, 2 to 1. Forester lost his first match of the season when he succumbed to Paige, 7-5, 6-3. Bierman easily won from Young, 6-1, 6-2. In the deciding doubles match, the Ames netsters ran through the first set, 6 to 1, but the Pikers came back to take the next two, 6-1, 6-4, and win the meet.

The Valley championship tournament was held on May 22nd and 23rd at Lincoln, Nebraska, eight schools putting in their appearance. On account of showers on the days of the tourney, it was necessary to run off the matches in a very short time. In the first round, Bierman defeated Mahaffa of Drake, and Forester eliminated Skallberg of Nebraska. In the

(Continued on Page 583)
MINOR SPORTS
THE swimming team of Washington University, Missouri Valley Champions for 1924, swept through the 1925 season in a brilliant and spectacular manner, winning every meet in which the team participated, and setting a number of new records. Coach Johnson's men showed once more that they were without doubt, one of the best teams in this section of the country, and again closed the season as Missouri Valley Champions.

The schedule this year included four dual meets, the Missouri Valley Meet, and the Western A. A. U. tournament. Washington captured all four dual meets, and the Missouri Valley Championship by impressive scores, and also annexed three swim titles and broke three records in the Western A. A. U. meet at Kansas City, in which Washington came in second.

The first meet of the year was held on December 20, with the North Side Y. M. C. A. The Pikers came through handily in this meet and won by the top-heavy score of 45-23, against a team which was composed of some of the best swimmers in St. Louis.

The next victims were the cadets of Western Military Academy who were defeated by a 43-25 score, on January 17th. On February 19th, a second dual meet was staged with the North Side Y. This night the North Siders were a trifle better and the Pikers had to be content to walk off with a heavy end of a 43-26 score. Captain Gilbert, "Doc" Helbing, and Jerry Specht were the individual stars of these meets, although all of the men made an excellent showing. The relay team, the Valley record
holders, made an especially fine showing in these meets and gave early promise of setting an even better record than the one which they made in the Valley Meet last year.

On March 2nd, in a dual meet with the Kansas Aggies at Wilson Pool, Washington captured every event in running up a total of 58 points to their opponents 12. The Pikers came in first in all eight events and second in seven out of eight, failing to capture second in only one event in which they had only one man entered.

Since Washington had only two swimmers entered in every event with the exception of the 150-yard back stroke, this means that every Washington swimmer in the meet finished ahead of their visiting rivals.

In winning this meet Washington set three new Valley records. The first to fall was the old 200-yard relay record when the relay team of Ledbetter, Helbing, Ewerhardt and Gilbert clipped 1 and 5-10 seconds off their old record to set a new one at 1 minute, 48 and 6-10 seconds. Jerry Specht, a sophomore, smashed the old record of 3 minutes, 4 seconds in the 200-yard breast stroke in winning in the record time of 3 minutes, 1 and 1-5 seconds. The third record to fall was the 150-yard back stroke. Ad Ledbetter, also a second year man, set a record of 2 minutes and 1 and 5-10 seconds in this event, lowering the old record by 1 and 4-10 seconds.

The Missouri Valley Championship Meet, held at Wilson Pool, March 14th, was the next event on the 1925 schedule. In this meet Washington
once again smothered all opposition and romped away with the Missouri Valley Conference title for the second straight year by running up a score of sixty-three points, more than double the total of Iowa State, their nearest competitor. In this meet the Pikers completely and decisively outclassed the best to be sent against them by the other Valley schools in taking first place in all nine events, setting three new records in the finals, and two in the qualifying rounds of the tournament. Iowa State, with a total of twenty-five points, thirty-eight points less than the Red and Green, took second place, followed by the University of Kansas, who came in third with twelve points; Drake, fourth with five; the Kansas Aggies fifth

KARL EWERHARDT

Page Two Hundred Nine
FRESHMAN SWIMMING

THE Freshman Swimmers of 1924-5 developed several very promising men for next year's Varsity. In the diving event Dick Rawden and Austin Kaercher have shown exceptional ability and will be able next year to fill the places vacated by Weinecke and Niemoeller who graduate.

In the free style events, Roland Baer, Jimmy Powers, Lonnie Cohn, Corwin Von Brecht, and Austin Kaercher have proven real "speedsters" and will make the present varsity men fight for places on the relay team and in the 50 yards event next year. Baer and Kaercher have both swum the 50 yards in 26.8 seconds which is very creditable time in the Missouri Valley.

In the breast stroke we have a real "star" in Meade McArdle, his best time being 1:17.8 for 100 yards, which is about 10 seconds better than he could do at beginning of the season.

Jack Coleman is a "find" in the plunge for distance, as he has coasted from 65 to 70 feet several times and next year will be sure to creditably fill out this weak event on our team.

In the back stroke Roland Baer and Aus. Kaercher have both swam faster than Cal Ledbetter's freshman record: Baer has bettered 1:24 and Kaercher better than 1:26.

Baer in the 220 free style has swam this event in 2:51, and with another year's training will show very good time at this distance.

Other swimmers who have shown real interest and ability are Jonas and Boeger in the plunge and McIntosh, Bragdon, Rice, and Selig in the breast stroke.
THE Cross Country Team of Washington University was peculiarly handicapped this season by the loss of almost every veteran of last year's team. Captain Savignac was the only letter-man to return, although Schwartz was also on last year's squad. Besides these two the team was composed exclusively of sophomores. Coach Hennings therefore, in his first venture as track coach, faced the difficult assignment of building a good cross country team out of green and inexperienced material.

In its first meet of the season, the team met Bradley Tech., the champion of the Little Nineteen Conference of Illinois. Washington completely romped away from the Illinois men and walloped Bradley by a score of 56-17. Five Washington men finished before the first Bradley runner came up the home stretch.

Washington entered seven men in the Missouri Valley Cross Country Meet held at Des Moines, Iowa. Here the Pikeway entries found the strange course and the fast pace too much for them and the team finished in 9th place. Savignac made a good showing by finishing ninth in a field of about sixty entries.

On November 15th the team entered in a Dual Meet with the University of Missouri, at Columbia. The race was run during the football
HELD

GOLF

WASHINGTON the past year for the first time installed golf as a varsity sport following its acceptance into the Valley as a minor sport, and, represented by Eddie Held, captured the first individual Missouri Valley Conference golf championship. The tournament held at Lincoln, Nebraska, on May 25th, attracted entrants from every Valley school. Kansas won the team championship as well as placing second in the individual ranking, Crowder being second to Held in this. The Nebraska team captured second honors.

In spite of most adverse weather conditions the scores for the most part were exceptionally low. Held's medal score for the 72 holes was 310, ten less than his nearest competitor. Russell Toedtman, the other member of the Piker team, shot a 192 and a 162 for a total of 354, which placed him eighth. Washington, having but two men entered, was unable to compete in the team play which required a four-man team.

Eddie Held, one of the leading amateurs of this section of the country, among other claims to golfing fame, was former Trans-Mississippi Cham-
pion and a former holder of the National Public Links title. Russell Toedtman has been prominent in local junior tournaments. His membership on the team was determined by an elimination tournament among them, James Branch, Ronald Foulis, Vernon Wills, and Edward Rassieur from which he emerged the winner. With both Held and Toedtman returning, and with the probable eligibility of Bill Medart, a freshman last year, and others, the outlook for the next golf season is particularly encouraging.

(Continued on Page 547)
Although no intercollegiate meets were held, boxing in 1924-25 enjoyed a successful year if measured by the interest attracted and the wealth of material produced. The enrollment this year is fully a third larger than any in the past.

The chief event of the year was the intramural meet held in Francis Gymnasium on January 17 and 19, 1925. In the preliminaries held on January 17th there were sixty-four entries and this field narrowed down to twelve for the finals. The School of Law emerged victors in the finals having amassed a total of 33 points, almost twice as many as the School of Commerce and Finance who took second place with a total of 17 points.

The individual winners were: Senturia, Commerce, won judges decision over Tuttle, Commerce, in the 115-pound class; Goodman, Law, decision over Kranzberg, Law, 125-pound class; Simpson, Engineering, decision over Trueb, Engineering, lightweight division; Kessler, Law, won by a technical knockout over Packman, Law, in the 145-pound division; Sommers, Law, decision over Thomas, Engineering, in the middleweight division; Webster, Commerce, won by forfeit in the heavyweight division.
FORTY husky freshmen received their numerals at the end of this year's football season. Many were stars of real ability and show promise of becoming good varsity material for next year.

In their only game of the season they succeeded in easily smothering the Principia Academy football team by a score of 24-0. They experienced very little trouble in scoring at will and a number of real players were unearthed. Three touchdowns were pushed over and a field goal completed while Principia's gridsters were held scoreless. Kessler at quarterback and Hickey at half did the scoring for the frosh. Harding and Crow performed creditably at the two other backfield positions.

The annual varsity-frosh football game was not played this year being postponed from time to time until too late. They, however, had a number of scrimmage games in which they showed up exceedingly well against the varsity men.

In the backfield Bob Mahan was the outstanding player while Kessler, Tidwell, Edwards, Rawdon, Millard and Hickey are all able players in these positions. Mahan played varsity football with Drake last year and consequently has had more experience than most of the other backfield men.

On the line, Dougherty, Ames, H. Miller, Behn and Shaw were a set of excellent ends. At tackle, Hannibal, G. Miller, Thomas, and Sturbois are fighting for positions. Waller, Gildehaus, McKay, Bassett, and Johnson show great promise at guard while Elliott, Thompkins, Vesper and Sommers are contending for the center position.

The freshman squad this year was one of the largest and best ever seen at Washington. The enthusiasm and interest shown by the yearlings
Squad was very marked and prospects are bright for a much stronger varsity team next year.

The following freshmen were those receiving numerals: Ames, Baker, Behn, Dougherty, Doyle, Elliott, Bill and John Evans, Gildehaus, Hager, Hannibal, Harding, Hickey, Johnson, Kessler, Kroll, Kohlbry, Lawrence, Lincoln, Max, McCarroll, Bob Mahan, Millard, G. Miller, H. Miller, Moul, Muench brothers, Neilson, Rawdon, Scarpellino, Shaw, Sommers, Sturbois, Stevenson, Thompkins, Tidwell, Waller, Williams and Vesper.
FRESHMAN BASKETBALL

THIS year saw an unusually large squad of big and talented men out for Freshman basketball. Showing an extraordinary amount of skill and fight to begin with, the candidates developed in the course of the season under the tutelage of Coach Davis into a group of varsity prospects that will aid Washington materially in Conference competition next year.

Serkes, Pipkin, Kaiser, and Johnson were four exceptionally clever forwards. Serkes and Kaiser starred with their floor work, handling the ball with a skill and precision that scarcely ever failed to result in a score. The shooting ability of Pipkin and Johnson was outstanding throughout the season. Pipkin’s consistent eye should be a great help to the Varsity next year; Johnson, a Washington letter man of 1922, will undoubtedly be an important addition to the team. Besides Serkes, Pipkin, Kaiser, and Johnson, Coach Davis had a wealth of forward material in Bruce, Tompkins, Adams, and Mahan.

Ames and McCarroll, centers, showed marked ability in the pivot position. The size and speed of these two, combined with natural basketball sense and efficiency in basket shooting, enabled them to give a good account of themselves on both the offense and defense. They hold great promise as prospects for next year.

Of a large group of strong and clever guards, Rawdon, Senne, Lawrence, and Hannibal stood out by their exceptional tenacity on the defense and their accomplished performance when carrying the ball down the floor. The strong physiques of Rawdon and Hannibal, running guards, made their work on the attack particularly effective. Senne and Lawrence were two stationary guards whose cleverness in handling the ball and all-around knowledge of the game will make them valuable additions to the Varsity squad. The good work of Millard, Hager, Hartwell, Sturbois and Miller at guard during the season also deserves mention.
AFTER a season of hard training, the Freshman track squad placed sixth in the Missouri Valley Freshman track and field meet held on May 14th. Grinnell won the meet with a total of 44 points. The other schools and their totals were as follows: Missouri, 29 1/2; Drake, 28 5/6; Iowa State, 19 5/6; Oklahoma, 17 1/3; Washington, 16; Kansas, 15 1/2; Kansas Aggies, 2 1/2; Nebraska, 2 1/2. The events were run off by the schools on their respective fields and the results sent throughout the Valley by telegraph.

Stoffregen was the outstanding star on the Piker team, winning the 100-yard dash and placing second in the 220-yard dash. His time in the century was :10.1, and the time which placed him second best in the 220-yard dash was :22.2. Three men, Schaberg, McDonald, and Wohlschlaeger, scored the remainder of Washington's sixteen markers. Schaberg took second in the javelin; McDonald was fourth in the pole-vault, and Wohlschlaeger was second in the discus.

While a place of sixth is considerable of a come-down from the second berth held in the Valley by the Piker Freshmen last year, a really fine lot of material was developed in the yearling squad under the tutelage of Coach Summers, and the 1925 varsity should be greatly strengthened by the addition of a number of the Frosh stars. Stoffregen is certainly a dash man of great promise and also a likely candidate for the broad jump. Wohlschlaeger, Webster and Schaberg handle the shot, discus and javelin in a fashion which points toward strength for Washington in the weight department for years to come. The performance of McDonald in the pole vault is gratifying to Washington fans. He is capable of a mark of 11-6.

Mansfield, Merten, Hukriede and Gummels were the middle distance and relay men of the Freshman squad. They should be strong contenders for regular places on the varsity. Hays ran the dashes in good time and made a consistent showing in the broad jump. Gibson did excellent work in the hurdles. Ledbetter should make good varsity material in the high jump.

Page Two Hundred Twenty-one
PANHELLENIC BASKETBALL

SIGMA CHI'S stellar five emerged the winners of this year's Panhellenic Basketball Tournament when they decisively defeated the Alpha Tau Omega quintet by the score of 23 to 7.

The game was played at the Coliseum as a preliminary to the Grinnell-Washington contest. Both teams started with a rush, Forester and Pipkin of the Sigma Chis counting regularly while the Alpha Tau Omega team seemed unable to hit their stride. George Senne, running guard for the Sig Chis, was a demon on the defense, breaking up the ATO plays and feeding the ball back to his teammates.

The Sigma Chis has previously won their way to the finals by victories over Pi Kappa Alpha, Phi Delta Theta, and Theta Xi, last year's champions. Their hardest contest was with Theta Xi, who held them to a 11 to 5 count.

Alpha Tau Omega defeated all its opponents with apparent ease, eliminating Zeta Beta Tau, Tau Kappa Epsilon, and Beta Theta Pi by overwhelming scores. Hannibal and Eckert were their outstanding players.

The cup which will become the property of the team winning it three times in succession would have become the property of Theta Xi had they won this year, they having been the champions for the last two years. The tournament as a whole was very successful, creating a maximum of interest. Excellent sportsmanship was shown throughout.
Kappa Alpha won the Pan-Hellenic Baseball Championship for 1924 and again obtained a leg on the Drosten trophy. In 1920 and 1921 they won the championship, but were defeated in their final attempt. Psi Delta, having won the trophy in 1922 and 1923, would have obtained its permanent possession if they had won this year, but were, however, early eliminated by Phi Delta Theta, who in turn was beaten by Kappa Alpha. The champions won their way to the finals by victories over Tau Kappa Epsilon, Phi Delta Theta, and Sigma Nu. In the deciding game, Beta Theta Pi, who had successfully beaten Sigma Chi, Alpha Tau Omega, and Sigma Alpha Mu, met the KAs and were defeated by the close score of 13-12. The Betas held a commanding lead for the major portion of the game, but were overtaken in the ninth inning. Throughout the entire tournament the games were closely contested, and it was only through their steady playing that the KAs were able to emerge as the winners.

The trophy, a large shield, was presented by W. G. Drosten in 1912 and is to become the permanent possession of the team winning it three times in succession. Kappa Alpha has now won the trophy three times in all, but are credited with only one leg on the permanent possession trophy. Other fraternities who have won the trophy are Psi Delta, Theta Xi, Phi Delta Theta, and Beta Theta Pi.
**PANHELLENIC TENNIS**

**JAKE LYNN** representing Sigma Nu won the Panhellenic Tennis Singles Championship for 1924 while Bert Hopkins and Carl Stanford of Alpha Tau Omega won the Doubles Championship.

Lynn played stellar tennis in defeating Sigma Chi, Beta Theta Pi, Sigma Alpha Mu and Alpha Tau Omega. This promising freshman eliminated all contenders with ease until he reached the final round where he met Bert Hopkins representing Alpha Tau Omega. By steady playing Lynn managed to defeat his opponent by the scores of 3-6, 6-3, 6-4.

Bert Hopkins and Carl Stanford by some brilliant playing defeated the Sigma Nu team composed of Lynn and Crockwell in the doubles division but were later forced to play the Sigma Alpha Mu team which they had overlooked. They succeeded in overcoming the latter team and thereby took possession of the doubles title.

The tournament developed some real competition and the winners in both divisions only succeeded in their efforts by some stellar playing. A number of real players were uncovered who will doubtless give the varsity a run for their money next season.
SIGMA ALPHA MU'S handball team, composed of Sam Floun, Milton Smith and Coleman Grossman, won the Pan-Hellenic championship for 1925 when they defeated the Sigma Alpha Epsilon team, composed of William Bierman and Robert Mahan in the finals.

The victors went through the early rounds with comparatively little opposition until their encounter with the S. A. E. team in the finals. In the first game of this match the Sig Alphs got off to a big lead of 15-2, chiefly by their brilliant bottom board playing. The S. A. M. team, by steady and consistent playing, finally overcame the tremendous lead and triumphed, 21-18.

The second and third games also went to Sigma Alpha Mu only after some excellent assistance on the part of Grossman who substituted for Floun in these matches. The final scores were: 21-18, 21-11, 21-14.

Sigma Alpha Mu, having won the title for the third successive year, now secures permanent possession of the trophy, which is a large shield.
HERBERT WEINSTOCK, '28, won the singles intramural tennis championship last fall in the annual tourney held under the auspices of the Department of Physical Education by defeating Clifford Beutel, 6-4, 6-1, in the finals. Weinstock’s decisive victory in the tournament, which included approximately all the best players in school with the exception of the Bierman and Forester, varsity men, marked him as the best bet for next year’s varsity.

A total of 59 men entered for the matches which were held from October 1st through November 22nd. Among the men who showed up well were Bert Hopkins, Jack Smith, Jake Sigiloff, Jake Lynn, winner of Pan-Hellenic tennis, and Edward Weise. Deserving especial notice as future varsity calibre was Jake Lynn, freshman, who played an exceedingly steady game. Lynn plays an excellent back-court game, showing up best in the singles.

The winner exhibited a fairly steady game throughout, marked by a good drive and remarkable adaptability at net play. The left-hander, who is versatile, set a pace early in the finals which proved too fast for Beutel.

Beutel and Gass won the doubles tournament which was marked throughout by defaulting on the part of the scheduled teams. Very few matches were played. The winners took the finals over Harrington and Williams, 6-4, 6-4.
THE Lane Tech High School, of Chicago, won the swimming championship at the Fourth Interscholastic Championship Swimming Meet, held at Wilson Pool, April 4th. The Chicagoans, who were favored to win, were not very closely pressed to gain the title, beating Englewood, also of Chicago, their nearest competitor, by six points. The final score showed a total of 34 points for Lane, Englewood, 28, Urbana, Principia, Marshall, and Lindblom, all tied for third with 5, East Des Moines, Belleville, Western Military Academy and Northeast Des Moines, tied for fourth place with 3 points each, followed by Webster Groves with 2, and Missouri Military Academy, with 1 point, bringing up the rear.

Five records were broken during the course of the Meet, including the national record for the 100-yard breast stroke, which was lowered by Richard Peterson of Lindblom, Chicago, who made the distance in 1:12 4-10. Don Peterson of Lane Tech set a new mark in the 50-yard dash with a time of :25 6-10 and assisted his team in beating the old relay time when they finished in 1:46 3-10. Schwartz of Marshall High, Chicago, lowered the old record in the 220-yard free style by 7 seconds. The other new record was made in the plunge when Vinyon, of Urbana, went 72½ feet.

The winners placed in every event on the program with the exception of the plunge for distance. Lane took first in the relay, first in fancy diving, fourth in the 220-yard free style, first in the 50-yard free style.

INTERSCHOLASTIC BASKETBALL

The fifth annual Mississippi Valley Interscholastic Basketball Tournament, sponsored by Washington University, was won by Centralia High School of Centralia Illinois. The Illinois team won the championship from a field of fifty-four entries, the largest in the history of the tournaments, by downing McBride High School of St. Louis in the finals by the score of 13-9.

In addition to the newly-acquired title, and by virtue of it, the champions won for Centralia the Leacock Trophy for one year, the silver basketball trophy donated by Spalding's, and individual gold charms. The defeated finalists received silver fobs.

The final game of the tournament produced fast spurts of basketball, particularly in the last half. In the early stages of the game, the play was dominated by waiting tactics on the part of the winning team to draw out the five-man defense of the opposing side; this, coupled with the close guarding of both teams, kept the scores low. Lichtenfeld and Randle, the Centralia guards, would stall with the ball on every opportunity until the McBride defense would be drawn out by the tantalizing deliberation of the Centralia guards, leaving a man momentarily uncovered. The ball would then be relayed twice to Wham and once to Dodson.

(Continued on Page 552)
A LARGE number of promising men, many of whom had won their letters at high school, answered the call as freshman baseball candidates, last June.

After a few practice sessions on the vacant space just west of Ligget Hall and east of Francis Field, which was the only space available for laying out a diamond, the freshman team engaged in a number of practice sessions with the varsity.

Beckman proved to be a real find in the box and showed a varied assortment of curves and foilers that stamped him as a stellar moundman, while Eason, Riehl, and Herbert also looked like the real stuff on the pitcher’s mound. Kaiser and Conrades were employed at the receiving end, where both of these men proved that they were no slouches at the catching game. Beckman covered first like a veteran while Fenton and Riedel at second, Kelley at short, and Serges at third completed the “million dollar” infield.

Heil, in left field, Schiek, in center, and Stanford, Leopold, and Ross, in right field, all showed exceptional ability. Stanford earned a far-famed reputation during his high school days for poling them, and continued his good work with the bat with the freshman team. This rangy boy seems to have the makings of a second “Babe Ruth” and should make a good showing next year. All sixteen of these men were awarded their freshman numerals and should make a very valuable addition to this year’s varsity squad.
THE Fourth Annual Mississippi Valley Interscholastic Track and Field Meet was held May 10th, at Francis Field. In spite of the handicapping cold and rainy weather a fairly large crowd witnessed the breaking of twenty meet records and the tying of one more. Fourteen of the new records were made in Division A, and six in Division B.

About four hundred athletes representing twenty or more high schools from Missouri and Illinois were entered in the various events. The schools were divided into two divisions. Class A included those schools which have an enrollment of three-hundred-fifty or more, while Class B included those schools which have an enrollment of less than three hundred and fifty students. The winners of the first four places in each event, in addition to scoring points for their school, were awarded gold, silver, and bronze medals respectively.

Lake Forest Academy, of Lake Forest, Illinois, a new competitor in the meet, won first place with a score of forty-five points, acquiring permanent possession of a beautiful silver loving cup, and at the same time winning a leg on the trophy presented by the Washington Engineers. Besides Lake Forest, Soldan, Cleveland, and Cape Girardeau have each won a leg on the trophy. Central High School of Cape Girardeau, with fourteen and one-third points, Staunton High School, with thirteen and one-half points, and Soldan, with twelve and one-half points were Lake Forest's closest competitors in Class A.

In Class B, White Hall High School, of White Hall, Illinois, took first place with fifty points. Her closest competition came from Kirkwood who came in second with thirty-five points.
COACHES

We are glad to welcome to Washington University Miss Bertha Bennett and Miss Margaret Hauck as our Physical Directors.

Miss Bennett came to us from Carleton College where she was director of Women's athletics and physical education.

She is a member of the Mid-West Society of College Physical Directors, of the American Physical Education Association, and is chairman of the Committee of Standardization of Women's Athletics for St. Louis.

Miss Bennett has introduced many new courses in the Department and has made physical education an interesting course at Washington.

Miss Bennett's efforts in her work have been rewarded by the participation and the enthusiasm of the large number of girls in athletics this year.

Miss Margaret Hauck, assistant director of women's physical education, is also from Carleton College and the University of Minnesota. She, too, is a member of the American Physical Education Association. She had charge of Physical education of Park Rapids High School at Northfield, Minnesota. Miss Hauck is a capable assistant and has added materially to the interest and success of the department by her sincere efforts and enthusiasm in the sports.

Both Miss Bennett and Miss Hauck have shown a manifold interest in women's affairs at Washington and especially in their endeavors to promote the Women's Building. They have both been elected honorary members of Peppers.
WOMEN'S ATHLETIC ASSOCIATION
