HENRY UNGERER EMPLOYED BY HOSPITAL 30 YEARS

Born, February 14, 1893 in St. Louis, Missouri, Mr. Ungerer not only celebrated his natal day this month, he also celebrated 30 years of consecutive service as a Barnes Hospital Employee.

Henry was the youngest of seven children, was educated in the St. Louis public school system, then started working for a building contractor. However, he did take time out to go to Jefferson, Missouri, public school system, except that it has grown three times as large. The main Kitchen is the Hospitals and Homes of the Methodist denomination.

The "Dutchman", as he is nick-named, saw duty with Uncle Sam during the First World War in the Infantry. He was discharged Dec. 28, 1918, and came to work for Barnes Hospital February 1, 1919.

Needless to say, Henry has seen changes take place. When he came to work here, there was only Barnes Hospital, no Rand-Johnson Building, Children's Hospital was a couple of floors smaller, and the Nursery Home had only a couple. Building fronting on Kingsway. The Maternity floor was on what is now 3400, and this is where the two Ungerer boys were born. The Diet Kitchen was in the basement of Private Pavilion, and the Main Kitchen is the same, except that it has grown three times as large. The maintenance man, the head engineer, and two painters, one of whom was our present "Boss" BEN STRUEBIG- compare that with the present maintenance staff of forty-nine employees.

Standing out in his memory is one time when he was about 15 years old- there he me a young lady named Maude Woff. She became Mrs. Henry Ungerer July 5, 1918. They have 2 sons, William Jr., who is in the Engineering department of Bell Aircraft Corp., Buffalo, New York, and Joseph Ungerer who works in the same department as his Dad.

**ON THE SCENE**

Mel Glidden

CLOY SHELTON is the picture of health with her new Florida tan. Her trip was to Fort Lauderdale for one week followed by a cruise with friends to Marathon which is near Key West. During the trip she saw the catching of a 400 lb. shark.

**ADMINISTRATION**

DR. FRANK BRADLEY left Saturday for Miami, Florida, to visit the U.S. Sugar Corporation Hospitals and to present a gavel to the Miami chapter of the International Stewards and Caterers Assn.

**COUNTING**

Joan Sellenrick

ROSE GADESI, IBM, has proven to be a television artist. She appeared on television Feb. 9 on the "It's A Hit" show.

**DIETARY**

Joanne Carmichael

Happy birthday wishes are in line for LITE DEHRER, Fountain, on February 25.

**LABORATORY**

Ann Fennell

Laboratory is pleased to announce that the following students have completed their training as Medical Technologists: LEO BRIDGE, JANE CROSS, JUNE FORBES, CAMILLA GAYLOR, MARY HARRISON, SUE MAYES, FLORENCE PARIS, RENA WOLFE. There haven't been a dull moment since you arrived and we are pleased to know that so many of you have accepted positions at this Medical Center.

**ON THE SCENE (Cont.)**

Good luck and best wishes to ELNORA (TONNY) TUCKER, technician. She is leaving Barnes March 1st.

**LAUNDRY**

JULIUS KRASNER, Laundry Manager, stumped the experts in a contest sponsored by the television quiz show "It's A Hit". What do you suppose he won—a washing machine! Barnes personnel seem to be quiz-minded these days.

**NURSING**

Mary Sullivan

Another one of our Nursing staff could not be resisted by the stronger sex. Miss ALMAGENE MADDOX became Mrs. Degenhart on Saturday, Feb. 5. A shower given by Mrs. LEVA MCCULLUM preceded the festivities.

**PHYSICAL MEDICINE**

Margaret Borst

Birthday wishes this month go to LOBBY LAKE. Celebration was enhanced by a fluffy white cake. Part of the Department of Physical Medicine had its face lifted. The carpenters have been busy arranging walls for our convenience. They were noisy but nice.

**MCILLIAN HOSPITAL**

Methelann Rogers

Welcome to our staff: VIRGINIA GODBAR, Floor Secretary on 600. The pounding on the first floor of McMillan recently is all for a good cause. The Eye Doctors' offices are receiving a new look.

**MATERNSITY HOSPITAL**

Martha Pierce

The painters are putting a new face on Maternity. Not only are the rooms to be painted, but the closets, kitchens, and even the long-neglected third floor.

On Monday, Feb. 7, Miss PAT STUART, nurse, became the bride of Dr. ROBERT GARNER of Children's Hospital. The wedding took place in Little Rock, Arkansas, home of the bride.

If Miss PAT HESTLE walks around the Premi Nursery with her left hand extended, it's because of the recent addition to her third finger.

**HENRY UNGERER (Cont.)**

back-breaking work and a trip in the middle of the night to the Water Dept. of the City and to a plumbing supply house to obtain some pipe—the night watchmen was very helpful but the Police Dept. was suspicious, and Henry had a police escort back to work.

Naturally, the famous St. Louis tornado and the bruised, battered, and shocked patients that were sent to Barnes is another outstanding memory. The Maintenance Dept. was alerted and set up beds, made hundreds of splints, and directed traffic.

Favorite sport is fishing. Hobby is playing pinocle.

Favorite food is wild rabbit. Favorite color is red, of course!

Alice Allen

A FEW WORDS OF APPRECIATION to those employees who helped mop the 12th floor of Oscar Johnson Institute during the evening of Feb. 7, when vandals had quite a time for themselves with the fire hose. Fortunately, the damage was not great, due, at least in part, to the many employees who came from various departments of the hospitals in rapid response to the call for assistance. Their willing spirit and cooperation is greatly appreciated.

******

**BASKETBALL RIVALRY GAINS MOMENTUM**

In the regular Friday night skirmishes at the 2nd Presbyterian Church Gym, Medicine, Surgery, OB-Gyn and Administration were at each other's throats again. Stills smarting from their last defeat at the hands of the Surgeons, Administration scored a victory over OB-Gyn by a score of 28-15. Rogers (Acctg) was high scorer for Administration with 12 points while Young (Ob-Gyn) was high with 8 points for the Medical men.

In the second game Surgery played their usual good brand of ball by dissecting Medicine to the tune of 27-12. The eagle eye of Hare accounted for 10 points while Busik (Medicine) scored 8 points.

The next game is tentatively scheduled for February 25th.
