After a long quiet summer, the South-40 erupted into activity as WU students, with the aid of family and friends, transferred mountains of luggage, books and personal effects from family cars to dorm rooms. Above, an unidentified man uses his head, figuratively and literally, as an easy method of conveyance from one place to another.

**Gridiron prospects positive for Bears**

It'll be a new look and a new approach to the game of football this year at WU as new Coach Fred Remmy imparts the skills of 26 years of college and high school coaching experience to the fledgling Bears.

"We'll be young and green," Remmy admits, "but we're going to work on discipline, fundamentals and basics. And if we put them all together like I think we can, we'll win some games."

The 54-man squad contains only 11 upper classmen — three seniors and eight juniors. The seniors are Captain John Boyle, a 6-2, 200-pound linebacker from Belleville, Ill., Alan Moltz, a 6-1, 200-pound center from Morton Grove, Ill., and Jamie Rome, a 5-11, 185-pound nose guard from Swampscott, Mass. Juniors are Keith Gizzi, a 6-3, 190-pound wide receiver from Warren, Ohio, Jerry Albom, a 5-11, 150-pound defense back from New Hyde Park, N.Y., Gerald Dennis, a 5-9, 175-pound tailback from Alton, Ill., Mike Laco, a 6-0, 190-pound linebacker from Rochester, N.Y., Bob Robeson, a 5-11, 224-pound center from Des Peres, Mo., Greg Moore, a 6-7, 215-pound defensive tackle from Wichita, Kan., John Hayden, a 6-0, 195-pound tight end from St. Louis, and Ray Patterson, a 6-5, 237-pound defensive tackle from Chicago.

The other 43 players include 15 sophomores and 30 freshmen.

Remmy is introducing new offensive and defensive patterns which will take time for the players to learn. If the players can make the improvement, Wilson named dean of graduate school

Edward N. Wilson, associate professor of mathematics, has been named dean of the Graduate School of Arts and Sciences. His appointment was announced by Ralph E. Morrow, dean of the Faculty of Arts and Sciences.

Wilson's responsibilities as dean include supervising all graduate degree programs, awarding all University fellowships and scholarships to graduate students, and overseeing the University faculty research grant program. He succeeds Luther Williams.

Wilson joined the faculty in 1953 as an assistant professor and was promoted to associate professor in 1977. His research interests are in the areas of differential geometry and harmonic analysis on Lie groups.

During the past 10 years, he has served as acting chairman of the mathematics department, secretary of the Senate Council, chairman of the Education Search Committee, a member of the Faculty Council of Arts and Sciences and co-chair of WU's Putnam math team.

A 1963 graduate of Cornell University, Wilson earned a master's degree in 1965 from Stanford University and a doctorate in 1971 from WU. From 1965 to 1967, he served as a Woodrow Wilson Intern in mathematics and physics at Fort Valley State College in Fort Valley, Ga.

As a graduate student, he was awarded fellowships from the Woodrow Wilson Foundation, the National Science Foundation and the National Defense Education Act.
Women's Society shops sell furniture, food

If you like unusual foods, crave something from your homeland, need quick energy or just like a friendly place to visit, the Uncommon Market can fulfill your desires.

Located in a bright, spacious room in the basement of the Ann Whitney Olin Women's Building, the Uncommon Market offers a variety of international, health, diet and "junk" foods. Whether you crave an Indian pickle, a carob-coated Bio-Bar, a bag of Skinny Munchies or a Hershey pickle, a carob-coated Bio-Bar, a bag of

The furnishings, some contributed and some bought by WSWU members at garage sales and auctions, can be sold back to the exchange when the students leave the University.

Helen C. Oakes, co-chairman of the exchange with Hazel Goebel, said, "There isn't another university that has this service for the students. We can furnish their apartments from A to Z."

Before the students arrive on campus in mid-August, the exchange is usually filled from floor to ceiling with large items like dresser drawers, couches, dining room sets, mattresses, bookshelves, chairs, mirrors and lamps, along with small items like pots and pans, kitchen utensils, glasses, cups, coffeepots, teakettles, irons and even ice buckets.

The exchange, which had its beginnings in 1966 in a tent on the South-40, is open 10 a.m. to 3 p.m. on Mondays and Wednesdays.

The third shop the WSWU operates has much more than its name implies. As Irene Higgins, manager of Bear Necessities, said, "In a capsule form, we have everything."

Bear Necessities, located on the first floor of Wolf Center, is a convenient shop for the students living in the dormitories. The shop, which the WSWU began operating in 1966, holds as large a variety of goods as many dime stores, and also offers a gift-wrappping service and one-day film development service.

And if a student needs an item that isn't in stock, one of the WSWU volunteers at Bear Necessities, or Higgins, who has managed the shop for the WSWU for four years, will go out and buy the item for the student.

Jeanette K. Rogers, chairman of the shop, said that like the Uncommon Market, many times students just like to come in and "converse with us. There's a motherly atmosphere here."

Higgins said some of the more popular items in the store, which is open 9:30 a.m. to 6 p.m. weekdays, are greeting cards, postage stamps and envelopes. "No matter how broke the students are, they'll always have money to buy greeting cards and postage stamps to send to family and friends."

In more ways than one, the WSWU is helping students feel at home at Washington University.

Author to talk on plight of American Indian

Author Peter Matthiessen, winner of the 1978 National Book Award for The Snow Leopard, will speak at 4 p.m. Monday, Sept. 12, in Hurst Lounge, Duncker Hall.

Matthiessen will speak on "In the Spirit of Crazy Horse." His lecture, which is free and open to the public, is sponsored by the Department of English, the Campus Bookstore and the Assembly Series.

Matthiessen is the author of five novels and many works of nonfiction, including Wildlife in America, Sal si puedes: Cesar Chavez and the New American Revolution and Far Tortugas.

His most recent book, In the Spirit of Crazy Horse, is about the American Indian Movement. The book was released by Viking Press last winter.

Alan M. Dershowitz, a professor of law at Harvard Law School, reviewed the book. In the March 6 issue of The New York Times Book Review, Dershowitz wrote that Matthiessen "admirably dramatizes the tragic plight of native Americans."

"He has made it possible," Dershowitz continued, "for readers to comprehend the Indian viewpoint about events and places that most of us have taken for granted. And in that respect, In the Spirit of Crazy Horse is one of those rare books that permanently changes one's conscious- ness about important, yet neglected, facets of our history."

Matthiessen, who studied at the University and College of William and Mary, where he was named the James Pinckney Harrison Distincted Visiting Professor. A Distinguished Fulbright scholar at the University of Melbourne in 1977, Williams received his BS in electrical and thermodynamic engineering at the U.S. Naval Academy in 1944 and his MA in history at the University of Wisconsin in 1948.

William Appleman Williams

Sorbonne in Paris, received his BA in English from Yale University in 1950. The next year he co-founded and edited the Paris Review.

In researching material for his works, Matthiessen sailed on a turtle boat out of Grand Cayman Island, searched for the great white shark off Africa and Australia, and went on expeditions to New Guinea, Nepal, the Amazon and the Himalayas.
**NOTABLES**

Merton C. Bernstein, Walter D. Coles Professor of Law, spoke on “Rationalizing Health Care Programs or Why Not National Health Insurance?” In July at the state conference of the Michigan Association of Health Systems Agencies (MAHSA). The “Rationalism in Health Care” conference was held in Detroit. In his speech, Bernstein said that billions could be saved on the non-benefit costs of insurance programs by channeling all health insurance premiums into a national health program.

Harold J. Brandon, affiliate professor of mechanical engineering, was elected to the board of directors of the Society of Soft Drink Technologists (SSDT) at its annual meeting in Atlanta, April 17-20. The SSDT is the international technical society for soft drink plants in the U.S. and 50 foreign countries. At the meeting, Brandon also presented a paper titled “Experimental Bottle Washing Study Using the SSDT Standard Soil.”

Hallowell Davis, professor emeritus of physiology and director of research emeritus at the Central Institute for the Deaf (CID), received an honorary doctor of science degree from the University of Michigan in Ann Arbor. The degree was awarded during summer commencement on Aug. 21.

Davies, currently a lecturer in physiology and otolaryngology, was cited for devoting a lifetime toward the alleviation of the suffering of the deaf.

John Douglas, box office manager for Edison Theatre, has been promoted to business manager. This past spring, Douglas served as front-of-house manager for Opera Theatre of St. Louis.

Mohhtar H. Gado, professor of radiology and co-chief of the Neuroradiology Section at Mallinckrodt Institute of Radiology, WU School of Medicine, has been elected vice-president of the American Society of Neuroradiology, an organization of over 600 board-certified radiologists concerned with the development of neuroimaging techniques. Gado took office as vice-president at the 21st annual meeting of the society, June 4-9, in San Francisco.

Sol I. Garfield, professor of psychology, participated in two symposia at the 14th annual meeting of the Society for Psychotherapy Research held at the University of Sheffield, Sheffield, England, July 4-9.

**Correction**

The Sept. 1, 1983, issue of the Washington University Record mistakenly reported that Peter G. Totsche and Lee Fetter were appointed vice-chancellors for medical affairs. Instead, they have been appointed assistant vice-chancellors for medical affairs. We apologize for this error.

David Kruger, set and lighting designer for the Performing Arts Area, served as resident set designer for the Woodstock Opera House’s 1983 summer season in Woodstock, Ill.

Eli Robins, Wallace Renard Professor of Psychiatry, received a Distinguished Service Award from the National Alliance for the Mentally Ill at their fifth annual conference at WU on Aug. 5. Robins, a psychiatrist at Barnes, Jewish and Children’s hospitals and former head of the Department of Psychiatry at the School of Medicine, received the award for his contributions to the “rational and empirical understanding and treatment of serious mental illness.”

Internationally recognized for his research on suicides, Robins has written over 155 books and articles, including The Final Months — A Study of the Lives of 134 Persons Who Committed Suicide (Oxford University Press, 1981). He has received numerous awards for his research, including the William James Memorial Fund Award in Psychology and Mental Hygiene Medicine in 1981, one of the most prestigious honors awarded in the field of psychiatry.

Patricia K. Shehan, assistant professor of music, was one of 12 individuals selected nationally to attend the NEH Summer Seminar for College Teachers at the University of Michigan June 20-Aug. 12. The title of the seminar was “Japanese Theatre: Music, Its Theory and Practice.”

Shehan’s research topic was “Aural/Oral Learning in Music in Japan.” While in Ann Arbor, she performed and lectured in a Kodokan presentation, festival drums in a Hiroshima memorial concert, and a number of仪器 in the University of Michigan’s Summer Gamelan Concert.

Have you done something noteworthy? Have you: Presented a paper? Won an award? Been named to a committee or elected an officer of a professional organization?

Washington University Record will help spread the good news. Contributions regarding activities are gladly accepted and encouraged. Send a brief note with your name, position, department and activity to Notables, Campus Box 1142. Please include a phone number where you can be reached.

Gridirons — continued from p. 1

provisions that Remmy seeks — particularly in discipline and execution — then, says Remmy, “the victories will take care of themselves.”

Offensively, the “Battling Bears” will employ the pro-formations with multiple backfield sets, or a slot formation. “We’ll also run a flexible wing spread with one back and two quick receivers on each side of the ball, with some motion,” said Remmy.

Defensively, the Bears will use multiple fronts — a four defense, a five defense, and a four-4-4 with variations of all three. With these innovations, fans will hardly recognize the team from last year’s club, which finished with a third straight 2-7 mark and lost its last seven in a row.

**Modern law, medicine topic of Scott lecture**

John C. Shepherd, president-elect of the American Bar Association, will deliver the Twelfth Annual Wendell G. Scott Lecture at 8:30 p.m. Monday, Sept. 12, in Scarpellino Auditorium at the Mallinckrodt Institute of Radiology, 510 S. Kingshighway.

Shepherd will speak on “Modern Medicine, Modern Law, Lasting Values.”

A 1951 graduate from St. Louis University’s School of Law, Shepherd served as president of the Bar Association of Metropolitan St. Louis in 1963. He is a fellow of the American Bar Foundation, the American College of Trial Lawyers and the International Academy of Trial Lawyers. He also serves on the board of directors of Barnes Hospital.

The Scott Lecture is named in honor of the late Wendell G. Scott, who was professor of clinical radiology at WU’s School of Medicine at the time of his death in 1972. Scott’s recognitions included the Gold Medal of the St. Louis Medical Society and the American College of Radiology, the President’s Medal of the American Boating Bay Society, and the National Award of the American Cancer Society.

**NCAA tourney goal of soccer team**

WU Coach Joe Carenza has seven key returning lettermen as the nucleus of his 1983 soccer team. He hopes to use them as a springboard to another NCAA tournament bid at the season’s end.

The Bears missed the tourney competition last year after having participated the four previous years. Their top returning scorers are Phil Belianski and Ron Weller. Belianski is a 5-7 senior forward from Granite City, Ill., who scored seven goals in the Bears’ 7-0-3 campaign. Weller is a 5-11 sophomore forward from Warren, N.J., who dented the nets six times.

A “Legacy Luncheon” was held in the backyard of the Alumni House on Friday, Aug. 26, to welcome new students who are sons and daughters of WU alumni. More than 130 students and their families attended the luncheon at the invitation of Chancellor William H. Danforth and Alumni Board of Governors Chairman Robert L. Harmon. Above, left to right, are Gloria and Robert Warren; Robert Warren is a 1976 graduate of University College; his daughter, Rebecca, will attend the College of Arts and Sciences.

John Konsek and Tim Gaidis give the Bears a solid goal-tending tandem. Konsek, a 5-8 sophomore from Neenah, Wis., guarded the goal in 10 games, and Gaidis, a 5-6 sophomore from Ellicott City, Md., was in front of the net in the other nine games. Other key returnees are John Brilli, a 5-9-3 sophomore defender from Columbia, Mo., Steve Snider, a 5-11 junior defender from Quincy, Ill., and Glenn Edwards, a 5-8 senior link from Granite City, Ill.

Carenza, who is in his eleventh year as soccer coach, feels the club will be improved over last year, hopefully enough for another tourney bid.
**LECTURES**

Thursday, Sept. 8

2:30 p.m. Department of Mechanical Engineering Seminar, "Deter- 
mination of Red Cell Membrane Viscosity From Rheoscopic Observation of Tank-Tread-
 ing Motion," Salvatore P. Junti, WU prof. of engineering, 100 Cupples II.

Monday, Sept. 12

11 a.m. Department of Civil Engineering Seminar, "The Buckling and 
Bracing of Interbraced Beams and Columns," I. C. Medland, assoc. dean, School of Engineer-
ing, City of Auckland, New Zealand.

4 p.m. Assembly Series Lecture, "In the Spirit of Crazy Horse," Peter Mat-
hesien, author of "The Stone Lambeth, Dictionary of Ethnic Turtles and In the Spirit of Crazy Horse. Also spon-
sored by the Department of Engineering and Computer Bookstore. Hunt Lounge, Danacker Hall.

Peter Matthesien

5:30 p.m. Twelfth Annual Wend-
ell G. Scott Lecture, "Modern Medi-
cine: Modern Law. Lasting Values," John C. Sheep-
 erd, president-elect of the American Bar 

Tuesday, Sept. 13

1 p.m. Medicine in Modern So-
 ciety Keynote Lecture, "A Legislator's Perspective of Health Issues," Senator Hartwell 
Woods, Carl V. Moore Aud., 660 E. Euclid

4 p.m. History of Medicine Lec-
ture Series, "Medicine on the Early West-
 ern Frontier," Peter D. Olch, medical histor-
an. Sponorred by the WU School of Medicine 
library. Medical library annex, 615 S. Taylor.

**EXHIBITIONS**

"Reflections of African Artistry," Sept. 11-Oct. 30. Print Gallery, Gallery of Art, 10 a.m.-5 p.m. weekdays; 1-5 p.m. weekends.
"Modernism at Midstream," Through Nov. 10. Upper Gallery, Gallery of Art, 10 a.m.-5 p.m. weekdays; 1-5 p.m. weekends.
"A Selection of 16th-Century Books," including works by Gesner, Bar-
tisch, Tagliacozzi and Pare. Through Sept. 9. WU School of Medicine library annex, 615 S. Taylor Ave. 8:30 a.m.-5 p.m. weekdays.
"Ingress: Recent Additions to the School of Fine Arts Faculty," Through Sept. 20. Bisby Gallery Hall, 10 a.m.-5 p.m. weekdays; 1-5 p.m. weekends.
"Genie Hoefel: Sabbatical Exhibit," Through Sept. 20. Bisby East Gallery, 10 a.m.-5 p.m. weekdays; 1-5 p.m. weekends.
"Landscapes Traditions in the 19th Century," Through Oct. 5. Lower East Gallery, Gallery of Art, 10 a.m.-5 p.m. weekdays; 1-5 p.m. weekends.
"Ghosts and Survivals," Through Jan. 8. Lower West Gallery, Gallery of Art, 10 a.m.-5 p.m. weekdays; 1-5 p.m. weekends.

**FILMS**

Wednesday, Sept. 7

7 and 10 p.m. WU Filmboard Screening, "The Bridge on the River Kwai." 82, Brown Hall Aud. (Also Thurs., Sept. 8, same times.)

Friday, Sept. 9

7 and 9:30 p.m. WU Filmboard Screening, "An Officer and A Gentleman." 82, Brown Hall Aud. (Also Thurs., Sept. 8, same times.)

**SPORTS**

Saturday, Sept. 10

7 p.m. Football, WU vs. Calvin Stockton College. Francis Field.

First WU Band rehearsal rescheduled

The first rehearsal for the Washington 
University Band has been re-
scheduled and will be held from 10: 
a.m. to noon on Saturday, Sept. 10, 
in Tietjens Rehearsal Hall. The sec-
ond rehearsal will be on Monday, 
Sept. 12, at 4:30 p.m. in Tietjens 
Rehearsal Hall.

Olin Library tours conducted

Olin Library tours will be conducted on Tuesday, Sept. 6, at 4:45 p.m., Wed-
nesday, Sept. 7, at 9 a.m., and Thursday, Sept. 8, at 8:30 p.m. All interested 
students, faculty and staff should meet at the reference desk on the third level of the library at the designated time. The tours last 15-20 
minutes. For more information, call 889-5435.

Graduate research scholarships in Japan offered

Applications are being accepted for graduate research study in Japan. The 1984 Monbusho Scholarships (Japan's Ministry of Education scholarships) are open to college graduates as of March or September 1984 who are under 35 years of age and whose re-
search interests are in either the hu-
manities and social sciences or nat-
ural sciences.

The application deadline is Sept. 23, 1983. For more information, contact the Consulate General of Japan, 2519 Commerce Tower, 911 Main Street, 
Kansas City, Mo. 64105 or call (816) 471-0111.
