Washington Aug. 28 1841.

Dear Sir,

I yesterday received the copy of your ["]Experiments and Observations on the Gastric Juice and the Physiology of Digestion," which you were so good as to send to me, & for which I beg to offer you my thanks. I have not yet been able to look into it with any attention, but from the nature of the work and advertizing to the opportunity for accurate experiments which you possessed, I do not doubt its great importance to the community and that I shall find it exceedingly interesting myself.

I am Sir, Yr. obt. Serv.

S. Beaudette
