HENRY UNGERER EMPLOYED BY HOSPITAL 30 YEARS

Born, February 14, 1893 in St. Louis, Missouri, Mr. Ungerer not only celebrated his natal day this month, he also celebrated 30 years of consecutive service as a Barnes Hospital Employee.

Henry was the youngest of seven children, was educated in the St. Louis public school system, then started working for a building contractor. However, he did take time out to go to Jefferson, Missouri public school system, except that it has grown three times as large. The main Kitchen is the Hospitals and Homes of the Methodist new building, Children's Hospital.

The "Dutchman", as he is nicknamed, saw duty with Uncle Sam during the First World War in the Infantry. He was discharged Dec. 28, 1918, and came to work for Barnes Hospital February 1, 1919.

Needless to say, Henry has seen changes take place. When he came to work here, there was only Barnes Hospital, no Rand-Johnson Building, Children's Hospital was a couple of floors smaller, and the Nurse's Home had only a few walls. The Maternity floor was on what is now 4400, and this is where the two Ungerer boys were born. The Diet Kitchen was in the basement of Private Pavilion, and the Main Kitchen is the same, except that it has grown three times as large. The maintenance man, the head engineer, and two painters, one of whom was our present "Boss" BEN STRUEBIG- compare that with the present maintenance staff of forty-nine employees.

Standing out in his memory is the time the water main that serviced the entire hospital broke and Henry was called just as he arrived home from work.

Standing out in his memory is the time the water main that serviced the entire hospital broke and Henry was called just as he arrived home from work.

PERSONAL TELEPHONE CALLS

We want you to have any reasonable personal telephone calls. You should know that the traffic on our switchboard is extremely heavy. Where there is only one line, especially to a nursing division, it should be kept open as much as possible. Busy signals are a constant irritation to our outside customers, many of whom are friends and relatives of our patients. Please make calls for lunch or coffee with other department personnel brief.

Thank you,
The Administration

FRANK C. RAND RECEIVES CITATION FROM METHODIST HOSPITAL BOARD

FRANK C. RAND, chairman of the board of trustees of Barnes Hospital was awarded a citation Thursday at a meeting of the Board of Trustees, held in the Board of Trustees, held in the Board of Trustees, held in the Methodist Church in Chicago.

The names of Rand and four other persons who have rendered distinguished service to Methodist hospitals will be placed in a newly established Methodist Hall of Fame, it was announced.

Post Dispatch 2-15-49

BLUE CROSS MEMBERSHIP OPEN TO EMPLOYEES

All old employees who wish to apply for Blue Cross membership must do so by February 26th. Membership will be effective May 1, 1949.

By the way, how is your Blue Cross? Here are some questions and answers dealing with Blue Cross Hospitalization Insurance:

1. What is the charge per month for Blue Cross?
   One dollar for the individual employee, two dollars for the family plan.

2. Who is eligible for this insurance?
   All employees within their first thirty days of employment and for old employees on our anniversary date.

3. How are payments made by the employee?
   Payments are made by payroll deduction on the paycheck received on the 21st of each month.

4. Is it possible to transfer from another group to Barnes? Yes, ask Personnel about a transfer from another group to the Barnes group.

5. If an employee should plan to be off for an extended period, what should he do about payments on Blue Cross?
   Before leaving, stop by the Personnel Office to make payments for the time you expect to be off.

WEDDING IN HOSPITAL

Cupid always finds a way! Mr. William Cogan, a patient in the hospital, was the groom and Mrs. Thelma Garrett, the bride, in a wedding held on St. Valentine's Day in the Chapel. The groom had a broken leg, and the lower half of his body was in a cast, as a result of an accident, but both parties saw no reason for postponing the event.
**ON THE SCENE (Cont.)**

Good luck and best wishes to EL-NORA (NANDY) TUCKER, technician. She is leaving Barnes March 1st.

**LAUNDRY**

JULIUS KRASNER, Laundry Manager, stumped the experts in a contest sponsored by the television quiz show "It's A Hit". What do you suppose he won—a washing machine? Barnes personnel seem to be quizzed these days.

**NURSING**

Mary Sullivan

Another one of our Nursing staff could not be resisted by the stronger sex. Miss ALMAGENE MADDOX became Mrs. Degenhart on Saturday, Feb. 5. A shower given by Mrs. LEVA MCCULLUM preceded the festivities.

**PHYSICAL MEDICINE**

Margaret Borth

Birthday wishes this month go to JOBBY LAKE. Celebration was enhanced by a fluffy white cake.

**MCMILLAN HOSPITAL**

Methelann Rogers

Welcome to our staff: VIRGINIA GOODBAR, Floor Secretary on 600. The pouting on the first floor of McMillan recently is all for a good cause. The Eye Doctors' offices are receiving a new look.

**MATERNITY HOSPITAL**

Martha Pierce

The painters are putting a new face on Maternity. Not only are the rooms to be painted, but the closets, kitchens, and even the long-neglected third floor.

**LABORATORY**

Ann Fennell

Laboratory is pleased to announce that the following students have completed their training as Medical Technologists: LEONA BRIDGE, JANE CROSS, JUNE FORBES, CAMILLA GAYLOR, MARY HARRISON, SUE MAYES, FLORENCE PARIS, REBA WOLFE. There hasn't been a dull moment since you arrived and we are pleased to know that so many of you have accepted positions at this Medical Center.

**ON THE SCENE**

Mel Glidden

CLOY SHELDON is the picture of health with her new Florida tan. Her trip was to Fort Lauderdale for one week followed by a cruise with friends to Marathon which is near Key West. During the trip she saw the catching of a 400 lb. shark.

**ADMINISTRATION**

DR. FRANK BRADLEY left Saturday for Miami, Florida, to visit the U.S. Sugar Corporation Hospitals and to present a gavel to the chapter of the International Stewards and Caterers Assn. He will also speak on Sanitation.

LORRAINE HURTT is a patient in the hospital with pneumonia. Reports say she is recuperating.

**COUNTING**

Joan Sellenrick

ROSE GADESI, IBM, has proven to be a television artist. She appeared on television Feb. 9 on the "It's A Hit" show.

**ANESTHESIA**

The Department of Anesthesia welcomes to the staff the Misses CLARA BAIRD, TEREZ VARNER, MARGARET ZAHARA and CORRINE SMITH. Graduation congratulations are in order at this end of the month for the Misses ZIFORA BRADNISCHWEIG, MARY CISHEN, ADELA VEDRA, EVELYN NEWBERG, ANNETTA PRATHER, and MARY ROSE THOMAS.

**DIETARY**

Joanne Carmichael

Birthday wishes are in line for RITA DEHMER, Fountain, on February 25.

**RECOVERY**

Ann Pannell

A FEW WORDS OF APPRECIATION to those employees who helped mop the 12th floor of Oscar Johnson Institute during the evening of Feb. 7, when vandals had quite a time for themselves with the fire hose. Fortunately, the damage was not great, due, at least in part, to the many employees who came from various departments of the hospitals in rapid response to the call for assistance. Their willing spirit and cooperation is greatly appreciated.

**CATERERS**

BOBBY WYATT

In the regular Friday night skirmishes at the 2nd Presbyterian Church Gym, Medicine, Surgery, Ob-Gyn and Administration were at each other's throats again. Still smarting from their last defeat at the hands of the Surgeons, Administration scored a victory over Ob-Gyn by a score of 28-15. Rogers (Acctg) was high scorer for Administration with 18 points while Young (Ob-Gyn) was high with 8 points for the Medical men.

In the second game Surgery played their usual good brand of ball by dissecting Medicine to the tune of 27-12. The eagle eye of Hare accounted for 10 points while Buik (Medicine) scored 8 points.

The next game is tentatively scheduled for February 25th.

**HENRY UNGERER (Cont.)**

backbreaking work and a trip in the middle of the night to the Water Dept. of the City and to a plumbing supply house to obtain some pipe—the night watchman was very helpful but the Police Dept. was suspicious, and Henry had a police escort back to work.

Naturally, the famous St. Louis tornado and the bruised, battered, and shocked patients that were sent to Barnes is another outstanding memory. The Maintenance Dept. was alerted and set up beds, made hundreds of splints, and directed traffic.

Favorite sport is fishing. Hobby is playing ginracle. Favorite food is wild rabbit. Favorite color is red, of course!
