"Your Health...Our Common Concern" - Hospital Week Scheduled May 6-12

"Your Hospital...A Caring Community, Your Health...Our Common Concern" will be proclaimed by the nation's more than 7,000 hospitals as the 1973 theme for National Hospital Week to be observed May 6-12.

National Hospital Week is an annual observance sponsored by the American Hospital Association to inform and educate the American public on the positive contributions of American hospitals to our health care system, and to present hospitals as humane institutions concerned about quality, availability and cost of health care.

Today's hospitals have stepped into a new role as complex healing, educational and research institutions where lives are saved, the causes and cure of disease sought and future health professionals educated and trained.

The goal of National Hospital Week this year is to focus particular attention on the nation's three million hospital employees who are meeting the changing and challenging health care needs of the American people in providing high quality health care as efficiently as possible.

Hospital employees represent an incredible diversity of skills and talents, working in some 200 different types of jobs ranging from housekeepers to top level administrators, from plant engineers to registered nurses. They all have one goal in common...a working life dedicated to caring for the ill and injured.

A salute is in order at this time to all the hands and hearts at Jewish Hospital whose concern is the health of the community. Jewish Hospital is proud of a record of accomplishment and grateful for the skill, dedication and compassion with which all patients are served.

And Jewish Hospital makes a special acknowledgement to those supportive organizations—the Hospital Auxiliary and the Associates—whose voluntary activities provide an invaluable service to the Hospital.

During National Hospital Week, Jewish Hospital will honor its long-time employees with the annual Service Awards Reception for those who have completed five years of continuous service and at five year intervals thereafter. In addition, more employees will be inducted into the Twenty-Plus Club whose exclusive membership is composed of employees who have served the Hospital for 20 years or more.

Robert Mayer Dies, Life Board Member

Robert H. Mayer, a life member of the Hospital's board of directors, died at his home February 2, 1973.

Mr. Mayer was the retired chairman of the board and president of Alvey, Inc. He had been active in the St. Louis community for many years. A graduate of Yale University, he had served as a national trustee of the National Conference of Christians and Jews and also as president of the Greater St. Louis Community Chest, which became the United Fund. He had also been president of the board of directors of Jewish Sanitarium and president of the Planned Parenthood Association of St. Louis.

He is survived by his wife, Mrs. Ethel Goldman Mayer, two daughters and a brother.

Expansion Fund Donors Will Be Recognized At Pavilion Dedication

All donors to the Hospital's $21.5 million Expansion Program for Excellence in Health Care will be recognized at the time of the dedication of the Sydney M. Shoenberg Pavilion in 1974, according to Edward B. Greensfelder, president.

"The dedication ceremony will be the highlight of our total expansion and renovation program, and at that time, it will be most fitting to pay tribute to all of those who have provided support for capital purposes," Mr. Greensfelder said.

"We are extremely gratified by the $9.5 million in gifts and pledges we have received to date from individuals, corporations and foundations. We anticipate additional Expansion Fund gifts during the year and, of course, any new contributor will be incorporated in the special alphabetical donor listing."

Memorials Program

Mr. Greensfelder also stressed the memorial/honorial program at the Hospital. Gifts of $5,000 can be recognized by naming a patient room in the Kingshighway Pavilion and certain office areas in the new building. A gift of $10,000 will name a patient room in the new Shoenberg Pavilion. Larger gifts are needed to name various other facilities both in the new building and Kingshighway Pavilion. A bronze plaque identifies all named facilities.

Mrs. Barbara Janes, Director of Development, can be contacted at 367-8060, Sta. 696, concerning donations and the gift recognition program.
Monheimer Fund Established for Surgical Education

The second and third generations of the Monheimer family have made another major contribution to the endowment funds of Jewish Hospital.

Louis M. and Clara K. Monheimer were among the major donors to the Jewish Hospital Building Fund which was conducted in 1919 to build the present Hospital located on Kingshighway. Throughout their lives they continued to support the Hospital through the research, nursing and capital funds programs.

In the outstanding family tradition of generosity and concern, Mr. and Mrs. Monheimer’s daughter, Louise, and their granddaughters, Lauren, Barbara and Betty have recently established a major endowment in memory of the Monheimers to be known as the “Louise M. Monheimer Fund for Surgical Education.” This gift of approximately $250,000 has also been made in tribute to Dr. Jacob G. Probstein, life-long friend and physician to the Monheimer family. Income from the endowment will provide the basis for the Dr. J.G. Probstein Awards to be given annually to a young physician in the Department of Surgery enabling him to obtain specialized training in clinical or research surgery which can then benefit the activities of the Department. Awardees will be known as Monheimer Scholars in Surgery and will be selected by a special committee.

In accepting the gift, Edward B. Greensfelder, president, said, “We are extremely gratified that Louise and her daughters have chosen this magnificent way to memorialize Mr. and Mrs. Monheimer and to pay tribute to Dr. Probstein. This is a living gift which will greatly enhance the educational program under the direction of Dr. Arthur E. Baue, Surgeon-in-Chief.”

Dr. Baue also expressed his appreciation for the gift. “The establishment of Monheimer Scholars in Surgery at The Jewish Hospital of St. Louis will provide for our young people the opportunity to develop careers in academic surgery and thus become teachers and investigators in addition to being excellent clinicians. We are all grateful to Louise Monheimer and her daughters for their generous support of the Hospital and their investment in the education of our young surgeons.”

In commenting about his long association with the Monheimer family, Dr. Probstein, who is presently a staff surgeon and was formerly Director of the Department, said, “I was present when Mr. Monheimer, then Vice President of the May Company, talked to Mrs. Morton J. May about donating the first research funds to Jewish Hospital. This was in 1936 when we began our studies of pancreatitis which have been recognized throughout the world.” In addition to his activities on staff at the Hospital, Dr. Probstein was Medical Director of the May Company for thirty years. Today, hockey players and fans know him as the team physician for the St. Louis Blues.
Dr. Goldstein Talks At Associates Dinner

Dr. Marcy A. Goldstein highlighted the fifth annual dinner of the Associates with an informative discussion of “Current Trends in Acupuncture”. Dr. Goldstein, Director of the Division of Plastic Surgery at the Hospital, was recently licensed for acupuncture by the Chinese College of Acupuncture, Kenilworth, England.

A portion of the April 11 meeting at the Clayton Inn Center was devoted to the installation of officers for the 1973-74 term: Dr. M. Norman Orgel, president; David Pasternak and Jerry Hirsch, vice presidents; Mrs. Lester Seasongood, secretary, and Dr. Ralph Graff, treasurer.

Nominees for the Associates Board of Directors, Class of 1976, were submitted. They are: Irving Goldstein, Harold Guller, Siegmund Halpern, Sidney Jick, M.D., Meyer Kopelow, Ronald Pass, Mrs. Lester Seasongood and Harry T. Schukar.

Highlights of the event will be covered in the next issue of 216.

Auxiliary Plans Production For Annual Spring Meeting

A gala musical production, already in the rehearsal stage, will highlight the 1973 Auxiliary Spring Luncheon Meeting with opening day set for noon Friday, April 27, at Meadowbrook Country Club.

Additional attractions of the annual report in revue and installation of new Auxiliary officers will share the bill with the Dankner/Frager production of "In One Year and Out the Other".

Written by Jackie Dankner, directed by Lassie Frager and produced by Mary Gail Dalton, this musical accomplishment will sport a star-studded cast of Auxiliary Thespians for the delight of all. The troupe includes Judy Berg, Patti Cohn, Jackie Dankner, Fran Deutsch, Gail Gelfand, Leah Gross, Louise Mandel, Renee Michelson, Judy Milton, Jackie Schiffer, Bobbye Shifrin, Karen Stern and Nora Stern. Pete Thompson will provide the musical accompaniment.

Getting it all together is the program committee—Mrs. Arnold Dankner, Mrs. Joseph Frager, Mrs. Barbara Goodman, Mrs. Donald Quicksilver, Mrs. David Smith, Mrs. Eugene Schweig Jr. And, of course, the production crew, without which none of this could be possible—Barbara Goodman, Cindy Kolbrener, Ann Lux, Rae Wiss and Marion Eastman.

Dr. George Schreiner, Beaumont Professor Holds Press Conference At Hospital

George E. Schreiner, M.D., professor of medicine at Georgetown University School of Medicine and Director of the Nephrology Division at Georgetown University Hospital, Washington, D.C., was this year’s first William Beaumont Visiting Professor at the Hospital.

Dr. Schreiner attended rounds and spoke at Medical Grand Rounds on “Heroin Nephropathy and Other Toxic Nephropathies”.

During his visit, Dr. Schreiner attended a press conference, held for him, during which he discussed bill HR1 which was recently passed by Congress and will go into effect July 1, 1973.

Dr. Schreiner has been directly involved with HR1 as the liaison between the medical community and Congress in designing and effecting the passage of the bill.

HR1, which comes under the disability section of the Social Security Act, will provide funds for kidney machine treatment and transplantation for patients with chronic renal disease. This will be the first federally financed form of health care provision for catastrophic illness. It will be viewed as a model for subsequent catastrophic coverage, Dr. Schreiner pointed out.

Dr. Schreiner is currently working with Congress on guidelines for the bill, which will pay the total cost of in-hospital care after 60 days and at least 80 per cent of home dialysis costs. At the start of the third month of dialysis a person becomes eligible for funds regardless of age or whether he works. Presently it costs a patient between $15,000 and $20,000 a year for dialysis and from $12,000 to $20,000 for a transplant, said Dr. Schreiner.

About 100 patients are on dialysis in the Washington University Medical Center, and, according to Dr. Herbert Lubowitz, director of Jewish Hospital’s division of Nephrology, doctors at the Washington University Medical Center expect to perform some 50 kidney transplants this year.

Regarding the shortage of donor organs, Dr. Schreiner called the gift of one’s kidneys upon death “the most generous thing a human being can do.”

Dr. Schreiner received his M.D. degree from Georgetown University. He interned at Boston City Hospital and took residency training at Bellevue Medical Center. While at New York University he worked as a Fellow in renal physiology and then joined the faculty as an instructor in physiology. He became a member of the Department of Medicine at Georgetown University and was appointed Director of the Renal Clinic in 1952. He later became Director of the Nephrology Division, his current position, and now serves as a consultant to the Walter Reed Army Medical Center, National Naval Medical Center and National Institutes of Health.

A founder of the American Society of Nephrology, Dr. Schreiner served as president of that organization. In 1972 he was appointed to the Federal Health Committee of the American Society for Clinical Investigation.

Dr. Liebhaber Receives Public Health Grant

Dr. Harvey Liebhaber, head of the Infectious Disease section of the Division of Cancer, Immunology and Infectious Disease, has received a $145,000 grant from the United States Public Health Service to study the etiology of viral hepatitis.

His study will involve the isolation of the infectious agent responsible for long incubation disease of the human liver.

Dr. Liebhaber joined the full-time Hospital staff in the Department of Medicine in July, 1972. He is associate professor of medicine and assistant professor of microbiology at Washington University School of Medicine.

Staff Participate At Medical Session

The Missouri State Medical Association held its 115th annual session in St. Louis in March. Several full-time staff physicians participated in the program: Dr. Arthur E. Baue, Surgeon-in-Chief, moderated a session on Management of Pulmonary Complications and also spoke on “How I Treat Circulatory Failure”; Dr. Herbert Lubowitz, Director of the Hospital’s division of Nephrology, participated in a panel discussion on “The Management of Chronic Renal Failure”; Dr. Franz U. Steinberg, Director of the Department of Rehabilitation Medicine, was a panel participant in a session on Health Care Team Concept—Spinal Cord Injury System; Dr. Alexander Geha, Director of the division of Cardiotoracic Surgery, participated in a panel discussion on Newer Approaches to the Management of Coronary Artery Disease.
Seen at the scene: Staff physicians and members of the Board of Directors, Associates, Auxiliary and administration mixing, mingling, sampling delicious delicacies and having a sociable good time as they all turned out for the annual Doctors’ Day reception March 29 at the Hospital. It’s that once a year day when the Hospital pays special tribute in recognizing the entire medical staff for their continuous and dedicated services to the health and welfare of the community. And the Nursing Department added its own bit of color to the day providing bright yellow flowers at all nursing stations for the physicians. Mrs. M. Erwin Bry Jr., president of the Auxiliary presented Dr. Leo A. Sachar, president of the Medical Staff Association, with a check for $50 to purchase books for the Medical Library on behalf of the Auxiliary.

Dr. Robert Burstein, Co-Director of Obstetrics and Gynecology, left, chats with Dr. Max Deutsch who was Dr. Burstein’s own pediatrician a few years back.

Mrs. M. Erwin Bry Jr., president of the Auxiliary, presents check to Dr. Leo A. Sachar, president of the Medical Staff Association.

From left, Dr. M. Norman Orgel, Edward B. Greensfelder, Hospital president, Mrs. Louis Zorensky and Mr. Zorensky.
Dr. Herman Turner, left, and Dr. Thomas Schiff.

John Shoenberg, life board member and past president of the Hospital, and Dr. Arthur Baue, Surgeon-in-Chief.

From left, Dr. Paul Stein, Dr. Julian Mosley and Dr. Sidney Goldenberg.

From left, Dr. Richard Shatz, Dr. Burton Shatz, Dr. Phil Foreman, Mrs. Burton Shatz and Mrs. Richard Shatz.
Dr. Woodward Gives Probstein Lectures

Edward R. Woodward, M.D., professor and chairman of the Department of Surgery at the University of Florida School of Medicine, Gainesville, presented the annual J.G. Probstein Visiting Professor of Surgery lectures March 23 and 24. He spoke on “The Pathophysiology and Treatment of Peptic Ulcer” and on “Reflux Peptic Esophagitis”.

Dr. Woodward received his M.D. degree from the University of Chicago School of Medicine and spent his internship and residency in surgery at the University of Chicago Clinics. Prior to his present position he was associate professor of surgery at the University of California Medical Center, Los Angeles. Dr. Woodward has more than 160 publications to his credit and most recently was the recipient of the Arthur H. Shipley Award of the Southern Surgical Association in 1970.

The Probstein Visiting Professorship was established by the Leonson Foundation in honor of J.G. Probstein, M.D., consultant in surgery at the Hospital and former Surgeon-in-Chief.

Drs. Geha, Shieber Elected to Membership

Dr. Alexander S. Geha, director of the division of cardiothoracic surgery, and Dr. William Shieber, director of the division of vascular surgery, have been elected to membership in the Central Surgical Association.

TWO RECEIVE KOPLAR AWARD

Dr. Carl Heifetz, right, presents the annual Nat Koplar Award for Research to Dr. Theodore Corwin, left center, and Dr. Curt Vogel, right center, as Dr. J.G. Probstein looks on. The award is presented at the Annual Waldheim Department of Surgery Dinner in honor of the Probstein Visiting Professor. Dr. David Ellis was given honorable mention for his research work and paper.
Talking with Strauss Professor Dr. Alfred Fishman, right (bow tie), are, from left, Dr. Stephen LeFrak, Associate of the Pulmonary Division, Dr. Robert Senior, Director of Pulmonary, and Dr. John A. Pierce.

**Dr. Alfred Fishman Speaks**

As 14th Strauss Professor

Alfred P. Fishman, M.D., was the Fourteenth Arthur E. Strauss Visiting Professor at the Hospital March 19-20. Dr. Fishman is professor of medicine, Associate Dean of the Medical School and Director of the Cardiovascular and Pulmonary Divisions and the Cardiovascular Research Center at the University of Pennsylvania, Philadelphia. He spoke on "Pulmonary Edema" and "Cardio-Pulmonary Complications of Obesity".

Dr. Fishman received his A.B. and M.S. degrees from Michigan and graduated from the University of Louisville School of Medicine. Following internship at the Jewish Hospital in Brooklyn he spent two years at Mt. Sinai Hospital in New York dividing his time between pathology and internal medicine. He then took fellowships in cardiology, nephrology and respiration. He was associated with Columbia University before moving to Chicago as Director of the Cardiovascular Institute of Michael Reese Medical Center and Professor of Medicine at the University of Chicago.

In 1969 he moved to the University of Pennsylvania and his current position. Dr. Fishman’s wide training has been reflected in a diversity of research interests. He has made major contributions to many areas of respiratory physiology and is an international authority on the pulmonary circulation. He has been on the editorial boards of major scientific journals and is presently on the publications committee of the American Physiological Society and editor of the section “Physiology in Medicine” which appears regularly in the New England Journal of Medicine.

The Strauss Professorship was the first named visiting professorship at Jewish Hospital begun over a decade ago by friends, patients and colleagues of Dr. Arthur E. Strauss who wished to honor him for his sustained interest in heart disease and Jewish Hospital.

At 85, Dr. Strauss is Assistant Professor of Clinical Medicine Emeritus at Washington University and serves as consultant in cardiology and medicine at the Hospital.

**Psychology to Sponsor Area Wide Symposium**

The Division of Psychology, Department of Psychiatry, is sponsoring an area-wide symposium and discussion of current trends in the education and training of professional psychologists which will be held Saturday, May 5, at 9:30 a.m. in the MAC room at the Hospital.

Speakers will be Dr. Frank Wuest, Professor and Chairman, Department of Psychology, St. Louis University; Dr. Lewis Sherman, Professor and Chairman, Department of Psychology, University of Missouri at St. Louis, and Dr. Anthony Schuhman, Assistant Professor of Psychology and Associate in Psychiatry, Washington University.

Dr. Norman Matulef, Chief Psychologist and Director of Psychology Training at the Hospital, will moderate the symposium.

After the presentations a discussion will be held with graduate students, university faculty, agency staffs and psychologists in private practice from the St. Louis area. Formal discussants will include Dr. Loretta Cass, Chief Psychologist and Director of Psychology Training at the Washington University Child Guidance Clinic; Dr. Kenneth Russ, Assistant Director of Psychology Training at Jewish Hospital, and Dr. Eugene Kissling, Director, Psychological Services, St. Louis Juvenile Court.

The meeting is a prelude to the forthcoming national conference on levels and patterns of professional training sponsored by the American Psychological Association and supported by NIMH. Dr. Matulef has been a member of the APA Committee on Professional Training which initiated plans for the national conference and has encouraged area-wide meetings.
Medical Staff News

Norman J. Matulaf, Ph.D., was appointed clinical professor of psychology at the graduate school of St. Louis University. He recently spoke to the Eleanor Roosevelt chapter of Hadassah on “Psychological Problems of Adolescence”.

Gunter Schmidt, D.D.S., presided at three sessions of a meeting of the American Society for Geriatric Dentistry in Chicago in February.

Edward J. Berger, M.D., has been named to the St. Louis Board of Hospitals for term ending 2-28-77.

Alexander S. Geha, M.D., co-authored “Stable Left Ventricular Hypertrophy in the Dog: Experimental Production, Time Course and Natural History”, which appeared in The Journal of Thoracic and Cardiovascular Surgery. He also co-authored “Response of the Hypertrophied Heart to Stress” which he presented to the Society of University Surgeons in New Orleans in February. Dr. Geha presented two papers at a meeting of the American College of Angiology in San Juan in January—“Cardioi Sinus Nerve Stimulation in the Treatment of Angina Pectoris” and “Surgical Treatment of Lesions of the Outflow Tract of the Left Ventricle”. He spoke on “Conduction Disturbances: Surgical Results of Pacemaker Therapy” to the American College of Physicians Missouri Regional Meeting and the Missouri Society of Internal Medicine.

Paul Lowenstein, M.D., attended the American College of Angiology meeting on Circulatory Disorders in San Juan in January.

Jack Hartstein, M.D., was co-chairman of an FDA panel which met at Ohio State University in March to set standards and define hard contact lenses. He also addressed a conference of the Association for Children with Learning Disabilities 10th annual meeting in Detroit in March. Dr. Harstein was elected treasurer of the Contact Lens Association of Ophthalmologists Inc.

G. Charles Oliver, M.D., presented three papers as an invited participant to the International Symposium on Digitalis in Oslo, Norway, in February.

Seymour Monat, M.D., spoke on “Sickle Cell Anemia in Pregnancy” at a Deaconess Hospital post-graduate series. He also attended a Colposcopy and Cytology Tutorial on the Role of the Colposcope in Interpreting Pre-invasive Cervical Lesions. He is chairman of the Medical Advisory Committee on the Metropolitan St. Louis Family Planning Council.

Gerald Wool, M.D., spoke on “Resuscitation of the Newborn” to the St. John’s Mercy Hospital Nursing Staff. He attended the Variety Children’s Pediatric Post-graduate Course on “Current General Pediatrics” in Miami Beach in January. Dr. Wool has been named secretary/treasurer of the St. Louis Children’s Hospital Medical Staff Society and a member of the University City Board of Health.

Alex C. Sonnenwirth, Ph.D., director, Division of Microbiology, has been elected a Fellow of The American Academy of Microbiology. He was also named a member of the editorial board of Recommended Techniques in Clinical Microbiology, published by the American Society for Microbiology.

Robert Weinhaus, M.D., has been appointed to the board of directors of the Pastoral Counseling Institute. Dr. Weinhaus also recently spoke on Overweight, Diet and Exercise, Fads and Fallacies at an interview on KFUO radio in St. Louis.

Gustave Davis, M.D., was the author of “Postmortem Alcohol Analysis of General Aviation Pilot Fatalities, AFIP 1962-1967” which appeared in Aerospace Medicine. He spoke on “A Study of Carbon Monoxide in St. Louis Metropolitan Area and Some Implications for Social and Policy Planning” at Evanston Hospital in Evanston, Illinois. Dr. Davis has been elected vice president of the St. Louis Pathological Society.

Edwin D. Wolfgram, M.D., has been appointed to the Central Coordinating Committee of the Health Care Foundation of Missouri. His appointment was sponsored by the Missouri Psychiatric Association.

Kenneth Russ, Ph.D., spoke on the Mental Health Needs of Senior Citizens at the Jewish Community Centers Association. He has also been appointed Assistant Professor (part-time) in the Department of Psychology at the University of Missouri, St. Louis.

Herman Turner, D.D.S., spoke on Pitfalls in Diagnosis and Treatment to the West District Dental Society in St. Louis.

Herman Meyer, M.D., moderated a session at the American College of Angiology meeting in San Juan in January. He is vice president of that organization.

Alvin Frank, M.D., spoke on Compulsive Spending on the At Your Service program of KMOX radio in St. Louis.
Dr. Zimmerman Heads Research in Heart Assn. Clinical Study

The National Heart and Lung Institute has awarded a $384,475 contract to the St. Louis Heart Association as one of eight clinical centers to plan and carry out a Multiple Risk Factor Intervention Trial (MRFIT) for the prevention of coronary heart disease.

Herbert B. Zimmerman, M.D., is the principal investigator of the St. Louis center. The trial is designed to determine whether a preventive program directed at the reduction of blood cholesterol, elevated blood pressure and cigarette smoking among males 35-54 will significantly reduce the incidence of heart attacks and death from coronary heart disease.

According to present estimates, approximately 80 per cent of death and disability from cardiovascular diseases occurs among persons having one or more of these risk factors working against them. Two or three risk factors are commonly present in the same individual and persons with all three risk factors are at especially high risk from arteriosclerosis and its complications, such as acute heart attacks.

Participants in the MRFIT, all of whom will have no evidence of clinical heart disease, will receive medical and laboratory evaluation at the start of the program and periodically over a planned six years of follow-up.

Intervention to reduce blood cholesterol, elevated blood pressure and cigarette smoking will be undertaken among those selected for the program. “Most treatment is after the fact,” says Dr. Zimmerman. “Hopefully, we will be able to prevent coronary heart disease by seeking to alter the risk factors.”

It is estimated that death from coronary heart disease may be reduced by 40 per cent or more during the intervention trial.

Awards, Appointments in Department of Medicine Announced

Dr. J. Russell Little, director of the Cancer Division and professor of medicine at Washington University, has been elected to membership in the American Society of Clinical Investigation.

Dr. Robert M. Senior, director of the Pulmonary Division and assistant professor of medicine at Washington University, has been appointed to the Executive Committee of the newly founded Cardio-pulmonary Council of the American Heart Association. He has also received a renewal of his Pulmonary Academic Award from the National Heart and Lung Institute.

Dr. G. Charles Oliver, director of the Cardiology Division and associate professor of medicine at Washington University, has been appointed chairman of the Research Committee of the Missouri Heart Association.

Dr. John Haddad, member of the Metabolism Division and assistant professor of medicine at Washington University, received a three-year award as a clinical investigator in Digestive Diseases and Nutrition from the National Institutes of Health. Dr. Haddad has also been elected to membership in the Endocrine Society.

Dr. Stanley Birge, of the Metabolism Division and assistant professor of medicine at Washington University, has been elected to membership in the Endocrine Society.

Dr. Cary Presant, member of the Divisions of Hematology and Oncology and instructor in medicine at Washington University, has been elected to membership in the American Society of Hematology and certified as a diplomate of the subspecialty Board of Hematology of the American Board of Internal Medicine.

Dr. Louis V. Avioli, director of the Division of Metabolism and Shoenberg Professor of Medicine at Washington University, has been elected as councillor of the Central Society for Clinical Research and a member of the nominating committee of the American Society for Clinical Investigation. In addition, Dr. Avioli is a study section member of the NIH General Medicine B Study Section; a member of the Fellowship Committee, St. Louis Arthritic Foundation; director of the Metabolism Clinic, St. Louis Shriner’s Hospital, and co-editor of the Journal of Clinical Endocrinology and Metabolism.
Dr. Ralph Graff Directs Clinical Cancer Program

A new program using immunotherapy for the treatment of solid cancers has been initiated at Jewish Hospital. The immunotherapy team includes Dr. Ralph Graff, surgeon and immunologist, Dr. Thomas Covey, surgeon and chemotherapist, Dr. John Meyer, pathologist, Dr. Hyman Senturia, x-ray therapist, Dr. Les Zeffren, internist and chemotherapist, Dr. Cary Presant, hematologist and chemotherapist, and Dr. John Robinson, surgical resident.

The principle of immunotherapy, which may be used along with the standard methods of cancer treatment — surgery, x-ray therapy, chemotherapy — is to stimulate the body’s natural defense to reject the cancer. Dr. Graff, program director, notes that although individuals develop many potential cancers every day, the body defenses normally eliminate them. Evidence indicates that the immune system plays an important part in the body’s defense.

Increased numbers of cancers are noted under conditions of weakened immune responsiveness such as immunological deficiency diseases and old age. Even after a cancer overcomes the defense mechanisms its rate of growth is affected by the immune system. Research has shown that the immune systems of many cancer-bearing patients are continually reacting to the cancer. The reaction may slow the growth of the cancer, have no effect or actually accelerate cancer growth. It is the object of immunotherapy to stimulate that type of immune response which is detrimental to the cancer.

Although there are many varieties of immunotherapy, the two most frequent routines utilize BCG (a bacteria used in the past as vaccination against tuberculosis) as a non-specific stimulant, and a vaccine produced from tumor plus an enzyme called neuraminidase as a specific stimulant.

Although these techniques are promising and have little danger, Dr. Graff inserts a note of caution.

Nursing’s Career Day Draws Capacity Crowd

This year’s annual Career Day at the School of Nursing drew a crowd of about 160 area high school students interested in nursing as a possible career for the future.

Mr. Jason Blake, associate executive director, Miss Lavera Ryder, R.N., director, Division of Nursing Education, and Miss Marilou Mitchell, R.N., recruiter and counselor, welcomed the young guests and parents. The student choir, better known as the Shalom Singers, displayed their talent with a skillful performance which preceded the movie presentation, "Yesterday A Student—Tomorrow A Nurse".

The group toured the residence and Hospital and visited various exhibits which had been prepared by Nursing School faculty to display their course material which included the areas of medical/surgical nursing, psychiatric nursing, obstetric nursing, introduction to nursing and nutrition.

A question and answer session with faculty members concluded the day’s activities. Members of the Committee on Nursing again participated in helping make Career Day a success.

The purpose of Career Day is to give prospective nurses an opportunity to see the profession first hand, what is involved and what is expected of the modern nurse so that they may make a knowledgeable choice when the time comes.

Both Career Day and the Nurse-for-a-Day program in the fall have been an integral part of the School of Nursing’s recruitment program for many years.
Health Fair Highlights

Entertaining, enlightening, well-organized and an all-round success aptly describes the Employee Health Fair recently held at the Hospital. Participating areas came up with some colorful, informative exhibits to capture the interest of all employees and guests who attended the affair.

The Health Fair served a vital purpose in promoting a more comprehensive understanding among employees of the various departments within the Hospital.

Participants included Medical Records, Occupational Therapy, Security, Dietary, Inhalation Therapy, Obstetrics, Print Shop, School of Nursing, Personnel, Volunteers, Anesthesia, Nursing In-Service Education, Purchasing, Radiology, Housekeeping, Otolaryngology, Chaplain and the Department of Pathology and Laboratory Medicine. An employee from each area stationed by his booth was available to explain equipment and procedures and to answer any questions about the general function of his department.

Representatives from various schools and agencies in the area were invited to the Health Fair. Through such an exhibition both visitors and employees can gain a more thorough knowledge of what goes on within the various areas of the Hospital and what it takes to operate a total health care institution.

BENEFITS CONTEST WINNERS

As part of the Personnel Department's display, a benefits contest was held for all employees to determine how much the fringe benefits of Jewish Hospital employees amounted to in 1972 as a per cent of payroll.

Tom Ryan Jr., a stockman in the Gift Gallery, estimated the benefits package at 26.7 per cent of the payroll and won the first prize which was two tickets to a Blues hockey game courtesy of Dr. and Mrs. Alfred Goldman. The correct amount for 1972, certified by Controller Ray Highfill, was 26.8 per cent. Asked how he came up with the winning figure, Tom Ryan gave credit to a past marketing course and the fact that "the answer just came to mind".

Jim Schmitz, Director of Purchasing, won a $15 gift certificate for his second closest guess, and Libby Routman of the Nursing Department received a $10 gift certificate as third place winner. Sam Osowski, clerk in the Department of Surgery, won the fourth place prize of an electric popcorn popper donated by the Gift Gallery.

The guesses ranged from 10.9 per cent to 93.8 per cent. Actually, $3,445,772.00 was spent on the 38 benefits which the Hospital provides.
Three New Funds Established

The Mayer D. Mitchell Heart Fund has been established at the Hospital by the family and friends of Mayer D. Mitchell who died February 10, 1973.

Mr. Mitchell was president of St. John's Distributing Company and on the board of directors of Communications Fund, Inc. and First Security Realty Investment Corporation. He was a member of United Hebrew Temple.

Contributions to the Mayer D. Mitchell Heart Fund will be directed to the cardiac surgery program at Jewish Hospital. Anyone wishing to make a contribution may do so through the Jewish Hospital Tribute Fund.

The Mabel Kisling Memorial Scholarship in Nursing has been established by the family and friends of Mabel N. Kisling who died in January.

Mabel Kisling (Mrs. Anthony J.) was vice president of St. Paul Title Insurance Corporation. Previously Mr. and Mrs. Kisling had made generous contributions to the School of Nursing.

Mrs. Kisling was an honorary life member of Grace Hill Settlement House, past secretary of Soroptimist International Association, an international classified service club for executive business and professional women, and past president of the Soroptimist Club of St. Louis.

She was a past president of the women's division of the Real Estate Board of Metropolitan St. Louis and was honored with an Outstanding Working Woman Award in 1965 by Downtown St. Louis, Inc.

Anyone wishing to contribute to the Mabel Kisling Nursing Scholarship Fund may do so through the Jewish Hospital Tribute Fund.

The Flora D. Freund Nurses' Scholarship has been established at the Hospital through the generosity of the Harry Freund Memorial Foundation. This annual gift of $500 is being made in honor of Mrs. Freund's special birthday, according to her son, S.E. Freund, a trustee of the Foundation.

The Scholarship will be awarded either to a graduate nurse for advanced education or to a student to enable her to complete her studies.

Dr. Jacob G. Probstein, Jewish Hospital surgeon, is medical director of the Freund Foundation.

BEQUESTS

The Hospital recently received notification of the following bequests, according to Edward B. Greensfelder, president.

Louis Blumenfeld, who died November 15, 1972, has bequested 15 per cent of his residuary estate to Jewish Hospital as a memorial to his wife Birdie Blumenfeld. The gift is in excess of $150,000.

Mrs. Anna May L. Nussbaum, widow of Frederick Nussbaum, died February 23, 1973. She named Jewish Hospital in her will with a bequest of $10,000. The gift is a memorial for her brothers, Ben M. Loewenstein and Samuel M. Loewenstein.

Evenlyn Lowenberg, who died recently, has bequested $10,000 for Heart Research activities. "We are extremely grateful to the many thoughtful people who have named Jewish Hospital in their wills," Mr. Greensfelder said. "In today's climate of increased social consciousness, deferred giving is one vitally important way in which conscientious citizens can express their concern about the kind of world being passed on to future generations."

Potpourri

Mrs. Marge Phillips, R.N., has been named Assistant Director of Obstetrics Nursing. A 1959 graduate of the Hospital's School of Nursing, she has been on the staff at Jewish Hospital since. An Auxiliary Life Membership Scholarship has enabled her to continue her education at St. Louis University where she will receive her degree in nursing education in July.

Mrs. Nancy Rupprecht, R.N., Director of In-Service Education and Assistant Director of Nursing at the Hospital, has been appointed consultant to the nursing service department's in-service education at the Jewish Center for the Aged. She will coordinate their in-service education program working with their nursing personnel.

Bo Axelrod, Director of Food Services, has been elected president of the St. Louis chapter of the American Society of Hospital Food Services Administration of the American Hospital Association.

Mrs. Mary Leonard, R.N., has been named head nurse of the nursery. She has been on the Jewish Hospital staff since 1967.

Mrs. Gunter Schmidt, area coordinator for the Reach to Recovery program of the American Cancer Society, Dr. James J. Seeley, president of the Missouri division of the American Cancer Society, Inc., and Mrs. Kurt F. Bemberg, chairman of Reach to Recovery at Barnes Hospital, recently appeared on Expression, a St. Louis television talk show, to discuss the Reach to Recovery program.

Mrs. Schmidt and a group of Hospital Auxiliary volunteers started the pilot program in Missouri in 1968. The purpose of Reach to Recovery is to help postoperative radical mastectomy patients achieve maximum recovery physically, psychologically and cosmetically.

Mrs. Schmidt and Dr. Seeley were also on KMOX radio's At Your Service program for Reach to Recovery.
Contributions to Jewish Hospital Funds

Contributions received are used for research, appliances for clinic patients, new equipment, and other worthy undertakings, sponsored by the Jewish Hospital Auxiliary.

The following memorial and honorial contributions were received after December 15, 1972 to February 28, 1973. Any contributions received after February 28, 1973, will be listed in the next 216.

Contributions to this fund may be made by sending checks, payable to The Jewish Hospital Tribute Fund, c/o Mrs. A. Ernest Stein, Mrs. Harry W. Loeb, 216 South Kingshighway, St. Louis, Missouri 63110.
