Thanksgiving

You don’t need a bank-full
Of cash to be thankful,
Be thankful you have what you do.
Don’t envy your neighbors
The fruits of their labors,
Your fortune rests solely with you.

Here’s cause for thanksgiving:
The fact that you’re living
Where freedom of enterprise reigns.
Where all can aspire
To what they desire;
Each welcome to what he attains.

If you have what’s needed
You can’t be impeded
By limits on courage and skill.
No blessing is greater;
So thank your Creator
And ask for His guidance and will.

One point to remember
(In June or November,
Or when you feel thankfulness most):
There’s no earthly power
Can dictate the hour
Or how you give thanks to your Host.
HOW BUSY WERE WE FOR THE PATIENT IN SEPTEMBER?

Total Admissions ................. 2,354
Average Daily Patient Bed Count ....... 710
Total Patient Sick Days ............. 21,301
Total Out-Patient Treatments ......... 15,008

ADJUSTMENT IN BLUE CROSS
MONTHLY PREMIUM ANNOUNCED

The St. Louis Area Plan of Blue Cross has recently announced that, effective December 1, 1961, an adjustment in Monthly Premiums will be necessary. The reason for this adjustment is attributed largely to higher hospital costs and will be as follows:

ONE PERSON (EMPLOYEE)
OLD RATE (MONTHLY) - - - $3.30
NEW RATE (MONTHLY) - - - $3.95

FAMILY (TWO OR MORE)
OLD RATE (MONTHLY) - - - $6.90
NEW RATE (MONTHLY) - - - $8.50

All employees are urged to continue their membership in this Non-Profit Hospital Service Plan for many reasons, including the following:

* You can be young or old and still have Blue Cross.
* Blue Cross membership means continuous lifetime protection —
  —Blue Cross babies are protected from the moment of birth;
  —No membership is ever cancelled because of the member's age or extent of use;
  —When a member dies, dependents are offered continued protection regardless of their age or condition of health.

* If you move, leave your job, retire or are permanently disabled - you can keep your Blue Cross membership.

* Blue Cross service benefits continue to grow in value and protect you and your family, because they give you - not a certain number of dollars - but the hospital care you need.

* Blue Cross is the ONLY hospital plan that has SERVICE contracts with hospitals. Both hospitals and Blue Cross are Non-Profit Community Services dedicated to one purpose and one purpose only - to provide service to the sick and injured at the lowest possible cost.

EMERGENCY ENTRANCE

"Take me back boys! I forgot to hang on to my Blue Cross."

ATTENTION ALL EMPLOYEES!

ON OCTOBER 13, 1961, A NEW DRIVERS AND CHAUFFEURS' LICENSE LAW - THE "POINT SYSTEM" - WENT INTO EFFECT IN THE STATE OF MISSOURI.

MORE DETAILED INFORMATION, IN BOOKLET FORM, IS AVAILABLE AT THE BARNES PERSONNEL OFFICE.
It is during the month of November that our American people observe a time that we know as THANKSGIVING, but it would be a profitable experience to think of the matter of gratitude long before that day arrives. This great word which signifies this special day has a certain ring to it that is very meaningful. It takes us back to childhood memories of trips to the homes of relatives and many other things, but there is far more to it than a list of happy experiences. These are not to be minimized, for it is on such backgrounds that we build much in the way of the finer things of life.

As we are not yet in that glorious month of November we can give some thought to things that might help us prepare for it. Gratitude is one of the finer virtues that we do not exercise as often as we should. If we would pause for a few moments now and then, we would realize there are many items for which we should be grateful. The changing of the seasons, the coming of the harvest, the freedom that we possess in so many ways, are all worthy of our recognition. There are those who never see the resplendent beauty of nature which so completely surrounds them, especially at this time of the year. The harvest is never evaluated, or what the absence of it would be, for food can always be found in the super—market. The newsprint and the air waves can carry the messages of the day without restriction that would give us only a very partial view of the world situation.

DR. WARREN MILLS DIES

It is with extreme regret that Barnes personnel learned of the recent passing of Dr. Warren Mills.

Dr. Mills, a psychiatrist, and a member of the Barnes attending staff, died in his apartment at 4907 West Pine Boulevard this past October 10th.

He received his Degree in Medicine from Washington University in 1942, and served on the teaching staff of that University as an instructor in Physiology from June to December of the same year. He later served with this Hospital Group as an Assistant Resident in Private Medicine from July to December 1943, and as Assistant Resident in Neuropsychiatry from January to September 1944. Dr. Mills entered the U.S. Army as a Medical Officer in 1944. He later served on the Barnes attending staff as Volunteer Assistant in Neuropsychiatry for four years, from 1950 to 1954, and as Assistant Psychiatrist from July 1, 1954 until the time of his death.

Dr. Mills is survived by his wife, Mrs. Julie Mills.

One day during the year is not enough for gratitude. It is not enough as a reminder of a great heritage and the history of our Pilgrim fathers. It can become a part of our nature, and a working element in the building of character that will count.

Our November observance has spread to other parts of the world. This is a challenge for us to make it all that it should be.
BARNES’ 1961 DIETETIC INTERNSHIP PROGRAM UNDERWAY!

Eleven young ladies, all college graduates with Bachelors degrees in Dietetics, have recently begun the Barnes one—year Dietetic Internship Program. Their time here will be spent in both academic and active in-service training. They are listed below with their home town and University.

Left to right, front row: Mrs. Bernardine Barrow, Campbell, Ohio (Kent State University, Kent, Ohio); Miss Doris Matsumura, Honolulu, Hawaii (University of Hawaii, Honolulu, Hawaii); Miss. Shirley White, Dundee, Iowa (State University of Iowa, Iowa City, Iowa); Maria Lira Edeser, Manila, Philippines, (Centro Escolar University, Manila, Philippines); Miss Marilyn Cordier, Springfield, Illinois (Iowa State University, Ames, Iowa); and Miss Marcilee Black, Oklahoma City, Oklahoma (Oklahoma State University, Stillwater, Oklahoma).

Left to right, back row: Miss Diana Jewell, Sulphur, Oklahoma (Oklahoma State University); Miss. Judith Robertson, Kansas City, Missouri (Kansas State University, Manhattan, Kansas); Miss. Alice Johnson, Menomonie, Wisconsin, interning under the U.S. Air Force (Stout State College, Menomonie, Wisconsin); Miss Barbara Mahoney, West Lafayette, Indiana, (Purdue University, West Lafayette, Indiana) and Miss Therma Arnold, Brentwood, Missouri (Louisiana Polytechnic Institute, Ruston, Louisiana.)

MISS McINTOSH ELECTED PRESIDENT OF STATE BOARD OF NURSING

The Missouri State Board of Nursing has recently announced the selection of Miss Elizabeth C. McIntosh, R.N. to serve as President of the board for the July 1, 1961—June 30, 1962 period. Selection was made during a regular meeting of the Board in Jefferson City during the latter part of September.

Miss McIntosh, Barnes Associate Director of Nursing Education, has previously served on the Board for seven years, and as its President from 1951 to 1954.
Putting it Nicely

WHAT ABOUT TOMORROW?

One of the biggest problems of mankind has always been, What to do about tomorrow? Men are not confined to the present moment or even the present day. They can look back and they can look ahead. This is a great asset - but it also can lead to difficulty.

Often, men face tomorrow with one of two extreme attitudes. Either a man is shiftless, a dreamer, unwilling to make plans and take precautions, somehow certain that whether he makes any personal decisions or not Someone or Something will provide him with all that he needs. And, at the other extreme, and much more common, we find the people who worry all the time about tomorrow. They have to have everything under control. They can’t stand uncertainties. Their imagination goes wild conjuring up all sorts of morbid possibilities that just might take place.

Obviously the first attitude is wrong. Some planning is necessary in order to have an ordered life of any kind. We must have goals, purposes, ambition to give life meaning. We must occasionally take responsibilities and make decisions. We cannot expect others to do for us the things we should do for ourselves.

The second attitude is also wrong. Excessive worry about tomorrow is useless, ridiculous, and harmful. It is ridiculous because we never really know what will happen and we imagine all sorts of problems that will never occur at all. We spend great quantities of energy solving problems that never will exist while real problems have gone by unsolved. And the attitude of excessive worry about tomorrow is harmful because it robs us of today. The only time that we are alive is right now. The only time you can be sure that you are a living, feeling human being is right at this precise moment as you are reading these words. Yet, if we are lost in preoccupation about the future, we are not really living now. We are walking about in a fog, trying to look off into the dim distance, and missing completely those things around us that are within our sight. Life slips by us as we look always beyond the living moment to that which might never be.

It would be well if we could avoid both these extremes in our attitude about tomorrow. We need just the proper combination of hard work and planning along with the realization that our tomorrows are really out of our hands, and the One in whose hands they are can be trusted.

DEATH TAKES TWO BARNES EMPLOYEES

It is with regret that we record the passing of two former employees who rendered long and faithful service to the Barnes Hospital Group.

Mrs. Fannie Holmes, 63, Barnes Laundry Department employee since 1943, died at her home, 2233 Division, St. Louis, on September 22. Death was due to a brain hemorrhage. Mrs. Holmes, born in Memphis, Tennessee, is survived by her husband, Steven, and one son.

Mr. John McAuliffe, 64, Barnes Maintenance Department Foreman, had been a member of the Barnes Hospital Group since May 1937. Mr. McAuliffe became ill on the job on September 15, and expired approximately one hour later in Barnes Emergency Room. Death was due to a lung condition. He is survived by his wife, Clara, who resides at 3926A Penrose, St. Louis.

The employees of Barnes Hospital Group extend their sincere sympathies to the families of both employees.
SUGGESTED TIPS
FOR WINTER DRIVING

STARTING
To start on snow or ice, use high gear range. Accelerate slowly.

MOVING
Maintain moderate speeds.
Avoid sudden accelerating . . . slowing down . . . turning.
Keep your car pulling evenly.
Maintain even traction when climbing icy hills or slopes.
Slow down before you are on a turn, and make turn at an even speed.
Avoid following cars closely.
Use low gear when descending icy hills.
The car's engine then acts as a brake.
In a skid, turn the wheels in the same direction as the skid.

STOPPING
To stop on snow or ice, "pump" the brakes, rather than apply steady pressure.

WINTER WEATHER CAN LENGTHEN STOPPING DISTANCE.

FOR RELIABILITY

1. Check battery for condition and charge
   *Your source of electrical power
2. Check ignition system, points, plugs, etc.
   *Easier starting, better performance
3. Check automatic choke operation
   *Improves cold starts
4. Install proper thermostat and radiator anti-freeze
   *Protects motor— aids cooling system
5. Add fuel system anti-freeze as needed
   *Stops frozen gas lines
6. Inspect and adjust fan belt
   *Insures cooling process— aids electrical power
7. Check radiator hoses for defects
   *Prevents overheating— loss of anti-freeze
8. Change to winter weight oil
   *for best lubrication
9. Lubricate car
   *Reduces wear
10. Add windshield washer anti-freeze
    *Prevents ice formation on windshield

FOR SAFETY

11. Check brake lining, hoses and fluid
    * Good brakes can save a life
12. Check all lights for operation and power
    * See and be safe
13. Check wipers and defrosters
    *Insure clear vision
14. Mount snow tires and carry skid chains
    *Safety with traction
15. Check exhaust system
    *Leaks are deadly
Anniversaries

35 YEARS –

On October 26, Mrs. Ophelia Jackson, Junior Housekeeping Aide, celebrated thirty-five years of service with the Barnes Hospitals Group. She was born in Holly Springs, Mississippi and attended both Grade and High School in Cotton Point, Arkansas.

Mrs. Jackson first came to the St. Louis area in May of 1926 and started working here four months later. During 1948 she took a leave of absence for 10 months, during which time she underwent major abdominal surgery.

Mrs. Jackson, a member of the Baptist church since the age of 13, has been singing in church choirs since the age of 16. She has been the 2nd Soprano of the Mercy Seat Baptist Church choir for the past thirty years. She resides at 5237A West Ashland, St. Louis, with her husband, Gus, who at one time was a fellow employee at Barnes.

As for her job here, Mrs. Jackson said, “I think Barnes is just wonderful. I not only got my very first and only job here, but I met my first and only husband at Barnes.”

20 YEARS –

Mr. Arthur Hoff, Head Butcher in the Barnes Dietary Department, completed twenty years continuous service with the Barnes Hospitals Group on October 7. Before coming here as Head Butcher, Mr. Hoff worked ten years for the Atlantic and Pacific Grocery Company.

Mr. Hoff was born in Belleville, Illinois, and attended Grammar and High School there. He later completed a training program for Butchers with the A & P Grocery Company.

Mr. Hoff resides at 830 Cernicek Lane, Ferguson, Missouri with his wife, Irene, and two children. His son, Douglas, received his Industrial Engineering Degree from St. Louis University and is now an engineer with Emerson Electric Manufacturing Company. His daughter, Carolyn, is a student nurse at DePaul Hospital.

Mr. Hoff has been a member of School Parents Associations for many years and is presently a member of such association at DePaul Hospital.

As for future plans, Mr. Hoff simply stated, “I plan to remain working at Barnes as long as they want me.”

15 YEARS –

Mrs. Mary E. Daniels, Laboratory Aide, Barnes Laboratories, completed fifteen years of service on October 9. She first came with us as a glassware washer in Labs and was promoted to her present job in 1953.

Born in Meridian, Mississippi, one of eleven children, Mrs. Daniels attended Grade and High School in Meridian. Following the rest of her family north, she came to the St. Louis area about twenty years ago.

Mrs. Daniels hobbies are needlework and church work. She is an Usher and member of the Newstead Baptist Church of St. Louis and is Chaplain of the Gay Ladies Club of this city. Mrs. Daniels, a widow for the past ten years, resides at 5731 Julian, St. Louis, with her daughter, Caselle. As for future plans, Mary states with a sincere smile, “they include remaining on my job here at Barnes.”

Mrs. Helen E. DePrender, Nurse Assistant, Barnes Nursing, celebrated 15 years of service on October 17. Born and educated in Hartshorne, Oklahoma, Helen moved to

Ronald Duer, Ronald Fletcher, Donald Fritz, Larry Kudart, Ron Kusel, Milton Markworth, Tyrus Miles, Ted Predoebli, Larry Stier, Art Strohmer, and John Weinbach are all again with us as Orderlies in Renard, effective September 14; Dorothy Banister returned to her former job of Nurse Aide in Maternity on September 11; Howard Johnson is back in his old job in Barnes Laundry as of September 14; Muriel Toberman, R.N. returned as a part-time R.N. in Barnes on September 13; Alice Robinson is again in her former job of Senior Nurse Assistant in McMillan since September 20; Anna Patton, former Junior Nurse Assistant in Barnes, is again with us as Nurse Assistant in Wohl, effective September 22; Eunice Martin, who formerly was a Junior Nurse Assistant in Barnes, returned on October 2 in the same capacity in Maternity; Ada Robinson is again in her same position as Nurse Aide in Barnes, having returned on October 4; Sylvia Mae (Ward) White, former Nurse Assistant in Maternity, came back on October 4 as Nurse Assistant in Barnes; Margaret Thomas, R.N. former part-time Nurse in Clinics, returned on October 1 as part-time Nurse in Maternity; George Sneed came back to his old job in Barnes Maintenance on October 12; Oliver Finley is again in his former job of part-time Orderly in Renard, starting October 14; Loretta Weber, who was a Record Clerk in Clinics, returned on October 16 as Ward Clerk in Clinics.

ANNIVERSARIES (Cont’d. from page 7)
St. Louis in 1922. Her first employment was at Jefferson Barracks Hospital as a Nurse Attendant. In 1946 she began her service with us as a Nurse Attendant. This was in the years before “Nurse Aide”. She attended some of the early classes here for Nurse Aide and in 1949 was promoted to Nurse Assistant.

Mrs. DePrender, a widow with one son and two grandchildren likes to bake, particularly bread and cookies — has a very special recipe for each that is very popular with her family and friends. Asked if she would be willing to share the recipes, she very graciously consented to share them with anyone interested.

Plans for the future are: “Barnes and sick people! Give me a sick patient to take care of and I’m happy. I want to work right here the rest of my life.”

10 YEARS —

Mrs. Carolyne Bennett, Pharmacy, Barnes, reached the 10 year mark on October 17. She resides at 508 W. Springfield, Union, Missouri with her husband, Curt, an employee in Barnes Dispatch Department, and two children, 3 year old Mark, and 2 year old Curt, Jr.

Carolyne was born in Rector, Arkansas, and spent her early years there. After graduating from High School, she moved to St. Louis and began her career at Barnes as a Secretary in the Pharmacy Department. At the same time she enrolled in the St. Louis College of Pharmacy. Marriage and two boys interrupted college, but she has every intention of finishing her education when the boys are a little older. Her hobby is her husband and boys. She says, “I like people. I’ve never met anyone I didn’t like. The people here at Barnes are fine to work for and with.”
LEARN WHILE YOU EARN – AT BARNES!

Pictured here are 23 Barnes people who have learned and earned on the job at the same time. Result — higher qualification and promotions for all of them! The Barnes Way of Life! They are now in Junior Nurse Assistant Job classifications and receive the pay rate for this work. But they haven’t always been so rated. No, they formerly were classified as Student Nurse Assistants and were working at these duties. Having completed the 2-month Student Nurse class and shown regular attendance in the Junior Service Training program, as well as good attitude, appearance and dependability, they were selected for training to become Junior Nurse Assistants. The 8 weeks training course combines 2 hours of class each day under the supervision of Mrs. Bertha Beckwith and other Assistant Directors of Nursing, and clinical practice on the nursing floors — under the supervision of the various Head Nurses.

When you see these 23 people now busily responsible and dressed in the yellow jumper uniform with tailored blouse, white shoes and hose, you’ll know them! They have learned while they earned — REAL PROGRESS!

They are: Dorothy Allen, Brenda Austin, Rosemary Booker, Evelyn Brazier, Carol Clarke, Josephine Clay, Sarah Hill, William Janes, Estella Keely, Senola Kelly, Alice Keys, JoNell Lawrence, Norvia Limar, Leona Miller, Larry Million, Mattie Neal, Anna Patton, Marie Rogers, Thelma Smith, Estella Stewart, Marie Thompson, Dimple Ward, and David Weatherford.

ANNIVERSARIES (Cont’d. from page 10)

The 10 year representative from Anesthesia, Barnes, this month is Mrs. Flora J. McGee, Senior Nurse Assistant, who rounded out ten years of service on October 9. Flora was born in Athens, Louisiana. After attending High School in that city she moved to St. Louis and obtained employment here in the only department in which she has ever worked, Anesthesia. In fact, Flora says, “The people I work with have been so nice to me, especially Mrs. Hayden, I don’t think I could work for anyone else.” Flora likes to play whist as often as she can,

(Continued on page 12)
ANNIVERSARIES (Cont'd. from page 11)

is interested in Hair Styling and is considering that field sometime in the future. She lives at 5411 Wabada with her husband and daughter, 11 year old Betty Faye.

10 YEARS—

Mrs. Marjory E. Bax, R.N., Head Nurse, Maternity Nursing, was with the Barnes Hospitals Group 10 years on October 16. Technically, Mrs. Bax was employed in 1949, but terminated her employment in September, 1950, returning to us in 1951. The promotion to her present position of Head Nurse came in June, 1959.

Born in Springfield, Missouri, Mrs. Bax’s family moved about a great deal during her childhood. Some of her Grade School education was obtained in Erie, Pennsylvania. The family returned to Missouri in time for her to complete her High School years and enter St. John’s School of Nursing in Springfield.

After moving to St. Louis, Mrs. Bax worked for a time at Veterans Hospital at
On August 30, seven dietetic interns received diplomas at a graduation ceremony held in Wohl Dining Room. Each graduate has successfully completed a twelve-month Barnes internship program in hospital dietetics and is now qualified to become a member of The American Dietetic Association and enter the professional work. A Bachelors degree in Dietetics is a prerequisite to the internship program.

Typical of the class of seven interns and shown above is Mary Tsudeka, one of the seven graduates, as she receives her diploma from Mr. Donald Horsh, Associate Director, Barnes Hospitals Group. Miss. Henrietta Becker, Director of Barnes Dietary Department, stands by ready to present the official Barnes Dietitians' pin.

Jefferson Barracks before coming to Barnes. "I remember the baby business was flourishing then. We had patients lined in the halls. As soon as one patient went home we moved another right in as soon as the bed was made. I've enjoyed my work here at Barnes. I have had opportunities I wouldn't have had anywhere else. I don't have much time for hobbies, but I like to sew and I belong to the Mothers Club at school."

Mrs. Bax resides with her husband, Matthias, 16 year old daughter Annette, and 19 year old son Richard at 4972 O'Dell.

Mrs. Hilda A. Hume, Clinic Ward Clerk, McMillan, observed 10 years with the Barnes Hospitals Group on October 8. Hilda, born and educated in St. Louis County, lives at 3471 Watson Road, St. Louis. She is the mother of one married daughter, also named Hilda, and has a one year old grandson, Jeffrey.

(Continued on page 14)
SOME RECENT BARNES PROMOTIONS

Congratulations to — — —
Dorothy Tanksley and Naomi Dillingham, R.N.’s, who have been promoted to Head Nurse; Margaret Huber, Carolyn McNeely, and Kathryn McThompson, R.N.’s, who were recently promoted to Assistant Head Nurse; Hortense Robinson, Delores Clair, Clara Epps, Mildred Jones, Vertie Burgett, Margaret Carter, and Mary Eaton, all promoted to Senior Nurse Assistant; Marie Rogers, Norvia Linial, Alice Bland, Mariah Harvey, Pearl Whitney, Clarence Pollard, Theresa Jamerson, Morrow Meyer, Brent Mosley, Ann Frazer, Jo Ann Keck, and William Howard, all of whom have been promoted to Junior Nurse Assistant;
