

## Data Sharing Statement

Lazarus SC, Krishnan JA, King TS, et al. Mometasone or Tiotropium in Mild Asthma with a Low Sputum Eosinophil Level. N Engl J Med. DOI: 10.1056/NEJMoa1814917.

Question	Authors' Response
Will the data collected for your study be made available to others?	Yes
Would you like to offer context for your decision?	—
Which data?	Complete de-identified patient data set
Additional information about data	—
How or where can the data be obtained?	Biolincc.nhlbi.nih.gov
When will data availability begin?	6/30/2019 (no later than)
When will data availability end?	None
Will any supporting documents be available?	—
Which supporting documents?	Other
Additional information about supporting documents	Case report forms
How or where can supporting documents be obtained?	Biolincc.nhlbi.nih.gov
When will supporting documents availability begin?	6/30/2019 (no later than)
When will supporting documents availability end?	None
To whom will data be available?	N/A because we are using Biolincc
For what type of analysis or purpose?	—
By what mechanism?	—
Any other restrictions?	—
Additional information	—
